## What's happening?

The University of Wolverhampton has recently commissioned the production of a Landscape Masterplan for the City, Walsall and Telford Campuses. This includes an appraisal of the existing site as well as a clear vision for each campus, in terms of both identity and functionality. We need you to tell us about your campus landscape and how it could be improved.

## Health and Wellbeing

The World Health Organisation defines **health** as a “state of complete physical, mental, and social well-being and not merely the absence of disease” (WHO, 2010).

## Vibrant. History. Density. Journey.

### Vision Statement:

*“To improve the **health and wellbeing** of all those who study, work or live at a University of Wolverhampton Campus by creating an external environment that **uplifts the spirit**, creates an **authentic identity** and brings people **together**.”*
