## Key

	Doctoral College
	Faculty of Arts
	Faculty of Education, Health & Wellbeing
	Faculty of Science & Engineering
	Faculty of Social Sciences
	Learning and Information Services (LIS)
	Students' Union
	Trips
	Other Events

## Other sources of events

- Arena theatre <https://www.wlv.ac.uk/arena-theatre/>
- Light House Media Centre <http://light-house.co.uk/>
- Students Union <https://www.wolvesunion.org/whatson/>

## How to use this guide

Events are listed in date and time order. On the left you will find the Faculty/Department responsible for organising the event. On the right we list the event title, date and time, venue, speaker(s) and a short description if available.

## Booking

The events are free to attend and open to all members of the university unless otherwise stated. Some events have limited capacity and advance booking is advisable you will find booking details where applicable. **The event information in this guide was correct at the time of going to press, but may be subject to change.** Please check the online version of the almanac found at [www.wlv.ac.uk/almanac](http://www.wlv.ac.uk/almanac) and the event webpages where available.

On the rare occasion that an event is rescheduled or cancelled, changes to a booking made via Eventbrite will be communicated through Eventbrite.

## The Almanac is compiled and designed by:

*We welcome you to the new academic year with our Almanac of research training and events. You'll find here an impressive array of internationally noted speakers, a wide range of social get-togethers and trips, Black History Month talks, and our rolling programme of specific PhD training sessions to speed you on your way to PhD completion. All events in all faculties are open to all our postgraduate researchers, so please do take full advantage!*

*For our Doctoral College training events, after listening to feedback from you, we've expanded the hours of delivery to fit around your other commitments. So we're now running Breakfast Bites, Twilight Sessions and Evening Masterclasses.*

*Do follow us via our social media for updates and news!*

*Dr Benjamin Halligan  
Director of the Doctoral College*

## Social Media

Keep up to date with what's happening at the Doctoral College by following us on one of our social media sites

[https://twitter.com/wlv\\_doctoralcol](https://twitter.com/wlv_doctoralcol)

[www.facebook.com/wlvdoctoralcol/](http://www.facebook.com/wlvdoctoralcol/)

[@WLV\\_DoctoralCol](https://www.instagram.com/WLV_DoctoralCol)

[@WLV\\_DoctoralCol](https://www.linkedin.com/company/WLV_DoctoralCol)

Some Wolverhampton research students got together for lunch with the Doctoral College on 21<sup>st</sup> September 2017, and collectively pooled tips and advice for their fellow students.

Here they are:

- Share your worries or concerns with your supervisors. Make them your friends.
- Don't study all seven days, and don't study until the early hours every day!
- Time management! And don't let newspapers or Social Media become distractions.
- Wake up early and go to bed early: this is the key to success!
- Eat healthily, and stay positive! Balance exercise and work.
- Know your weaknesses, and try to turn them into strengths.
- Set deadlines for yourself.
- Get involved in activities that can help you to de-stress. (West Park on sunny days is recommended)
- Meet with your supervisors frequently.
- Identify your moments of creativity, and use those moments to engage in detail with your research questions.
- Start your thesis on time – you'll be thankful at the end of the research journey!
- Define your PhD's structure around works already published in your field.
- Review the highly rated relevant journals to identify gaps in current research.
- Set a timeframe for work and stick to it --- even if you have to force yourself.
- Don't assume that you've many years of research ahead of you: time catches up!

Our thanks to Sukhtaj Singh, Ana Karina, Mathias Akor and Syed N. Amjad.

<b>FoA CCHIP</b>	<b>Centre for Creativity, History and Identity in Performance Annual Research Symposium</b>
	Tuesday 12 <sup>th</sup> September 2017, 9:30-4pm
	Performance Hub, Walsall Campus
	For more information contact <a href="mailto:FoArtsResearch@wlv.ac.uk">FoArtsResearch@wlv.ac.uk</a>

<b>FSE Science Seminars</b>	<b>Anthropology</b>
	Tuesday 12 <sup>th</sup> September 2017, 1-2pm
	MC424, Millennium City Building
	Dr Sharon E Kessler, Department of Anthropology, Durham University

Dr Kessler is interested in the role of disease in the evolution of primate sociality, communication, and cognition. She uses a diverse tool set that includes health data, bioacoustics, behaviour, and cognitive experiments on wild, free-ranging primates.

Dr Kessler has spent more than two years in the field including sites in Madagascar and Costa Rica, researching diverse primate species including multiple species of mouse lemurs, two species of galagos, and capuchin monkeys.

<b>Students' Union</b>	<b>#GiveItAGo -The Happiness Project</b>
	Tuesday 19 <sup>th</sup> September 2017, 11am - 1pm
	SU Boardroom, Students' Union, City Campus
	Why not give The Happiness Project a go! This is a taster session of the Well@Wolves 4 week Happiness Project. For more information visit: <a href="https://www.wolvesunion.org/ents/event/3977/">https://www.wolvesunion.org/ents/event/3977/</a>

<b>Students' Union</b>	<b>#GiveItAGo Therapeutic Art Sessions</b>
	Tuesday 19 <sup>th</sup> September 2017, 11am - 1pm
	SU Boardroom, Students' Union, City Campus
	We will be running weekly therapeutic art sessions as part of Well@Wolves. For more information visit: <a href="https://www.wolvesunion.org/ents/event/3954/">https://www.wolvesunion.org/ents/event/3954/</a>

<b>Students' Union</b>	<b>#GiveItAGo - Boxing</b>
	Tuesday 19 <sup>th</sup> September 2017, 12 - 1pm
	The Venue, Students' Union, City Campus
	An Empowering taster boxing session. For more information visit: <a href="https://www.wolvesunion.org/ents/event/3976/">https://www.wolvesunion.org/ents/event/3976/</a>

## 3 Minutes to Save a Life

### A World Suicide Prevention Day lecture

Tuesday 26<sup>th</sup> September 2017, 12:30-4pm Room: MU307

To book your free place, please email Clare Dickens: [Clare.Dickens@wlv.ac.uk](mailto:Clare.Dickens@wlv.ac.uk)

For more information visit <https://www.wlv.ac.uk/current-students/news/september-2017/-3-minutes-to-save-a-life-a-world-suicide-prevention-day-lecture.php>

September marks the month that we embrace World Suicide Prevention Day. The University of Wolverhampton is honoured to welcome Professor Julie Cerel, Dr Alys Cole-King and Steve Gilbert to share their insights and expertise around suicide prevention.

## Doctoral College

### R48: Viva Hot-seat

Wednesday 27<sup>th</sup> September 2017, 2-4pm, MD165, 1st Floor, Harrison Learning Centre

Dr Debra Cureton, The Doctoral College

Book via the [Research Skills Development Workshops webpage](#)

## Students' Union

### #GiveItAGo Food and Mood

Thursday 28<sup>th</sup> September 2017, 11am - noon

SU Boardroom, Students' Union, City Campus

For more information visit: <https://www.wolvesunion.org/ents/event/4017/>

## Doctoral College

### Brilliant Club: The Scholars Programme

Thursday 28<sup>th</sup> September 2017, 1-2pm, MD165, 1st Floor, Harrison Learning Centre

The Doctoral College/ The Brilliant Club

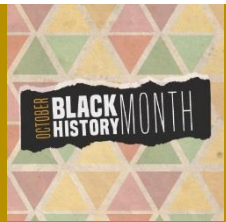

To book please visit <https://www.eventbrite.co.uk/e/the-scholars-programme-university-of-wolverhampton-information-event-tickets-37188621167>

A meaningful, well-paid teaching opportunity for University of Wolverhampton PhD students.

The Scholars Programme is run by The Brilliant Club, an award-winning charity that recruits, trains and pays doctoral and post-doctoral researchers to deliver programmes of university-style teaching to small tutorial groups of high-performing pupils in schools that serve disadvantaged communities. Over the course of the 2016-17 academic year, The Brilliant Club placed over 500 researchers in schools across the UK, where they worked with over 10,000 pupils.

The Brilliant Club will be holding an Information Event at The University of Wolverhampton, in the Research Hub located in the Harrison Learning Centre, room MD165 on September 28th 2017 from 1-2pm. Please come along if you would like to find out more about becoming a Scholars Programme tutor.

In addition to earning £500 per placement, successful candidates will gain valuable teaching experience, enhance their knowledge of the UK education system and develop a programme of tutorials drawing on elements of their own research with a chance to disseminate it to a non-expert audience. As well as this, they will also join a cohort of like-minded researchers who are interested in widening access to universities.

### Black History Month Launch Event

Friday 29<sup>th</sup> September 2017, 7pm - midnight

Arena Theatre, City Campus

Kick Black History Month off at the Arena Theatre. This national celebration aims to promote and celebrate Black contributions to British society, and to foster an understanding of Black history in general. You can request to be added onto the waiting list for Wolverhampton Black History Month Launch Event by visiting <https://wlv.ticketsolve.com/shows/873580926>.

### Wolverhampton Pride

Saturday 30<sup>th</sup> September 2017, 9am - 3pm

City Campus Courtyard/ City Centre

After a two-year absence, Wolverhampton Pride is set to return and will be bigger and better. Wolverhampton Pride is here! Come and join in on all the activities, meet new people and have some great fun! You can reserve your free tickets for Wolves Pride at [skiddle.com/e/13027620](http://skiddle.com/e/13027620).

## Doctoral College

### Researchers Drop-In

Monday 2<sup>nd</sup> October 2017, 10-11am, MD163, 1st Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

Drop-in to receive one to one advice. There is no need to book.

## Students' Union

### #GiveItAGo: Self Defence

Monday 2<sup>nd</sup> October 2017, 11am - noon

The Venue, Students' Union, City Campus

For more information visit: <https://www.wolvesunion.org/ents/event/4023/>

## Other Event

### Dementia Awareness Event

Monday 2<sup>nd</sup> October 2017, 5:30-7:30pm

University Centre Telford (Level 3 – Southwater One), Southwater Square, TF3 4JG

Places are free but must be pre-booked. Contact us to book your place & for all enquiries.

Telephone: 01952 277777. Email: [enquiries@uctelford.co.uk](mailto:enquiries@uctelford.co.uk)

## Doctoral College

### R2: Addressing the research focus and planning a programme of research - post-induction session.

Tuesday 3<sup>rd</sup> October 2017, 10-12pm, MD165, 1st Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

Book via the [Research Skills Development Workshops webpage](#)

## Other Event

### HeadStart Conference

Tuesday 3<sup>rd</sup> October 2017, 9am - 4pm. Community showcase event 4 - 6pm.

Wolverhampton Racecourse, Dunstall Park, Wolverhampton, WV6 0PE

For more information visit:

[http://www.headstartonline.co.uk/events/conference2017?utm\\_source=sendinblue&utm\\_campaign=Whats\\_On\\_WLV&utm\\_medium=email](http://www.headstartonline.co.uk/events/conference2017?utm_source=sendinblue&utm_campaign=Whats_On_WLV&utm_medium=email)

The HeadStart programme aims to realise the following outcomes:

- Socially significant improvement in the mental wellbeing of at risk young people
- Reduction in the onset of diagnosable mental health disorders
- Improved engagement in school and improved academic attainment
- Reduced engagement in 'risky' behaviour
- Improved employability.

### Keynote Speakers:

- Ruby Wax OBE, mental health campaigner, author, and TV personality
- Paul McGee aka The Sumo Guy, international speaker and author. Keynote title: 'Resilience in the Classroom Starts with Resilience in the Staffroom'
- Dr. Pooky Knightsmith, Director of the Young People and Schools Programme at the Charlie Waller Memorial Trust. Keynote title: 'Four Practical Strategies to Improve the Mental Well-Being of Young People'

## FoSS Business

**Layering and delayering governance: What do we see when we study corporate governance at multiple or single levels?**

Tuesday 3<sup>rd</sup> October 2017, 5-6pm (4.30-5.00pm Light Refreshments)

Light refreshments - The Forum, Lord Swraj Paul Building (MU), Molineux Street, Wolverhampton  
Lecture in MH002, Mary Seacole Building, Nursery Street, Wolverhampton, WV1 1AD

Professor Sibel Yamak, Professor of Management, UWBS

Governance is multi-layered and forces for and against the convergence of corporate governance practices across the globe originate from these different layers. There are countervailing triggers for change at different levels, with important forces leading to divergence in terms of the corporate governance model. The dynamic complexity of corporate governance can only be assessed by a layering perspective which emphasises various forces in play given a specific context. This is important to align interests of corporations and society. Thus, this lecture discusses the issues around the contextualisation of governance.

Sibel Yamak is Professor of Management. She has a PhD in Organization Theory from Bogaziçi University and has been a visiting scholar at various universities including Galatasaray, Dauphine, Panthéon Sorbonne, Southampton and Manchester University. She specializes in governance with a focus on the relationship between business elites and the state, contextual antecedents and the impact of top management teams, governance and democratisation relationship and genealogy of corporate social responsibility.

In 2007, she received the Emerald LiteratiNetwork award for her work on business elites. She is associate editor of the European Management Review and editorial board member of Society and Business Review. She acted as guest editor of special issues on Corporate Social Responsibility and Top Management Teams for various academic journals. She is actively involved with academic associations such as Academy of Management (USA) where she previously acted as Management Education and Development Division Research Coordinator. Read [Professor Sibel Yamak's full staff profile](#)

To book a place please email: [FoSSresearch@wlv.ac.uk](mailto:FoSSresearch@wlv.ac.uk)

## Students' Union

**#GiveIAGo: Coffee Tasting Event**

Tuesday 3<sup>rd</sup> October 2017, 6pm - 8pm

The Starbucks, City Campus

For more information visit: <https://www.wolvesunion.org/ents/event/4025/>

## BASW England

**BASW Black Country Branch: Inequality and Children's Intervention**

Tuesday 3<sup>rd</sup> October 2017, 6:30-8.30pm, MC001, Millennium City Building

Professor Kate Morris

This event is FREE to attend. Light refreshments will be available.

Students, members and non-members welcome. To book please visit: [www.basw.co.uk/events](http://www.basw.co.uk/events)

BASW Black Country Branch in partnership with the University of Wolverhampton presents their latest seminar.

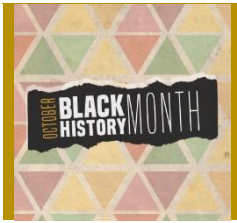

Kate Morris is a qualified registered social worker, and joined the University of Sheffield in 2015. She was previously

Director of the Centre for Social Work and Deputy Head of School, University of Nottingham.

She began her career as an academic at the University of Birmingham. However, Kate gained substantial experience in practice, management and policy development prior to moving into social work education and through her research and her involvement in national and international social work developments has remained very closely connected to practice.

**Pre-seminar session:** 5.30-6.15pm. Speaker: Graeme Simpson

Graeme Simpson will speak about the joint BASW-University of Wolverhampton research project: 'The Social Worker's Voice'; an exploration of the experiences of being a social worker in times of austerity.

### An Evening with an Immigrant

Tuesday 3<sup>rd</sup> October 2017, 7:30pm, the Arena Theatre. Staff and Students pay concession of £10.

Tickets can be booked through the Arena Theatre's website <https://www.wlv.ac.uk/arena-theatre/>

For more information about all the Wolverhampton Black History Month Events please read the local community's [Black History Month Brochure](#).

The acclaimed spoken word show from Inua Ellams comes to Wolverhampton. He was born to a Muslim father and a Christian mother in what is now considered by many to be Boko Haram territory, award-winning poet and playwright Inua Ellams left Nigeria for England in 1996 aged 12, moved to Ireland for three years, before returning to London and starting work as a writer and graphic designer.

Part of this story was documented in his autobiographical Fringe First Award-winning play The 14th Tale, but much of it is untold. Littered with poems, stories and anecdotes, Inua will tell his ridiculous, fantastic, poignant immigrant-story of escaping fundamentalist Islam, experiencing prejudice and friendship in Dublin, performing solo at the National Theatre, and drinking wine with the Queen of England, all the while without a country to belong to or place to call home.

## Doctoral College

### Breakfast Bites – Finding your research focus

Wednesday 4<sup>th</sup> October 2017, 8-9am, MD165, 1st Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

Book via the [Research Skills Development Workshops webpage](#)

## Students' Union

### #GiveItAGo British Sign Language

Wednesday 4<sup>th</sup> October 2017, 11am - noon

SU Boardroom, City Campus

For more information visit: <https://www.wolvesunion.org/ents/event/3957/>

## Students' Union

### Afternoon Tea and Coffee

Wednesday 4<sup>th</sup> October 2017, 2-4pm

Students' Union Social Space, City Campus

For more information visit: <https://www.wolvesunion.org/ents/event/4026/>

### Just an Ordinary Lawyer

Thursday 5<sup>th</sup> October 2017, 7:30pm, the Arena Theatre. Staff and Students pay concession of £10.

Tickets can be booked through the Arena Theatre's website <https://www.wlv.ac.uk/arena-theatre/>

For more information about all the Wolverhampton Black History Month Events please read the local community's [Black History Month Brochure](#).

Tunji Sowande arrived in London from Nigeria in 1945 to study law and pursue his interest in music. He rose to become a well-respected barrister, the first Black Head of Chambers, and finally the first (part-time) Black Judge in Britain. He was an active solo concert performer as a baritone singer, giving concerts for charities and to entertain residents of old people's homes. On top of it all, he was a great lover of cricket, and became a member of the Marylebone Cricket Club (MCC), the home of cricket.

In an undefined setting, Sowande muses on Imperialism, Colonialism and Black people's struggles for freedom, justice and human rights, in Africa and the diaspora. He is however not a political man – he prefers to do his job and watch sports. He is nonetheless does his bit to spread peace and love through the medium of music and song.

*From the writer and performer of the multi-award-winning international hit, Call Mr. Robeson (\*\*\*\* First Rate, The Guardian) comes another "brilliantly put together history lesson delivered as art" (Dirt & Candy).*

## Trips

### Stratford-upon-Avon

Saturday 7<sup>th</sup> October 2017, 7:30am - 5pm

Ticket Price: £10.00 per person.

For More Information Visit: <https://www.wlv.ac.uk/international/international-student-support/information-for-current-students/trips-and-events/stratford-upon-avon/>

## FEHW

### Social Work/ Social Care

### Global Megatrends. What are they and what do they mean for the future of the Black Country?

Saturday 7<sup>th</sup> October 2017, 12:30-1:30, City Campus

Stuart Connor – Reader in Social Welfare, Institute of Community and Society

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

This session will provide participants with an opportunity to explore and discuss the future of the Black Country. Participants will be introduced to the latest research on megatrends - the large, transformative global forces that are considered to shape the future. The projected social, technological, economic, environmental and political trends will be examined. This will be followed by a discussion of how those living in the Black Country could and should respond to these projected changes.

Stuart Connor has a background in policy analysis and is currently a Reader in Social Welfare at the University of Wolverhampton. In books published to date, 'Social Policy for Social Welfare professionals', co-authored with Graeme Simpson, and 'What's Your Problem?', a recurrent theme is to not only understand the impact that policies have on people's lives, but to also explore how people can and should have an impact on policies and future practices. This is reflected in Stuart's current research on open futures and the potential of strategic foresight to inform policy and practice.

Open Futures is a project that works with individuals, groups, communities, and institutions to bring future orientated approaches to life on real projects in order to inform and support future debates, policies and practices.

For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

## Doctoral College

### Quarterly Symposia - Your Research Methods and your Research Presence

Tuesday 10<sup>th</sup> October 2017, 11-4pm, MD165, 1st Floor, Harrison Learning Centre

Dr Debra Cureton & Dr Benjamin Halligan, Doctoral College

Book via the [Research Seminars and Events webpage](#)

The Symposium will be a chance for all Doctoral Researchers to talk about their research findings and experiences to an audience of peers, and to hear what others have to say about their research findings and experiences.

**Formulating your Research Methodology** - The first part of the day provides a chance for you to discuss how you developed your research methods, and how you have used these methods in your research programme.

**The importance of establishing an online presence for Doctoral Researchers** - The second part of the day will consider how to make an impact with your research, and establish your name, through a variety of online platforms.

All postgraduate researchers at the University of Wolverhampton are encouraged to attend this free event. Please note this event will be live streamed on Periscope @WLV\_DoctoralCol

## FSE Science Seminars

**Research actin dynamics and the proteins that regulate these processes, in megakaryocytes and platelets using high resolution fluorescence microscopy**

Tuesday 10<sup>th</sup> October 2017, 1-2pm

MC424, Millennium City Building

Dr Steven Thomas , Birmingham Medical School, University of Birmingham

Steve Thomas is a HEFCE Lecturer working in the Institute of Cardiovascular Sciences.

His main research interests centre around the actin cytoskeleton in platelets and megakaryocytes and fluorescence microscopy imaging.

Thomas SG, Poulter NS, Bem D, Finney B, Machesky LM and Watson SP (2016) The actin binding proteins cortactin and HS1 are dispensable for platelet actin nodule and megakaryocyte podosome formation. Platelets. DOI: 10.1080/09537104.2016.1235688

**Ada Lovelace Day Talk on Black Women in the Sciences and Screening of Hidden Figures**

Tuesday 10<sup>th</sup> October 2017, 5pm in the Lighthouse.

Tickets are £4.50 and can be booked at <http://light-house.co.uk/calendar/2017/02/hidden-figures/>

For more information about all the Wolverhampton Black History Month Events please read the local community's [Black History Month Brochure](#).

The University of Wolverhampton joins forces with the Light House to celebrate Ada Lovelace Day and Black History Month with a special screening of the acclaimed film, Hidden Figures. The story based on true events, about a group of African-American women who were hired by NASA for their skills in mathematics to be part of America's space programme in the 1960's. It has been widely praised for celebrating the crucial contribution of Katherine Johnson, Dorothy Vaughan and Mary Jackson. The screening will be preceded by a forty-five minute lecture from the University of Wolverhampton about the role of black women in the Sciences.

Starring Octavia Spencer, Kirsten Dunst and Kevin Costner. USA 2017

## FEHW Education

**'Let's Get Them to be More Middle Class' Social Mobility and the Education of White Working Class Boys.**

Wednesday 11<sup>th</sup> October 2017, 1-2pm, Walsall Campus, Room Tbc

Alex Blower

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Over the last 15 years white working class boys have been the focus of much Government discourse, both with regard to their relative lack of educational success, and more recently with their progression rates in to Higher Education. Drawing on themes emerging from a recent literature review, this session will examine several pieces of social research conducted with white working class males, highlighting the structural inequalities that the group face and how successive governments have sought to address this.

The talk will also investigate the concept of social mobility as a means in which to combat inequality, discussing how this might play out with the experiences of white working class males, and whether interventions based on such a model have succeeded thus far.

Alex is a research student conducting research into Widening Participation in Education.

For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

## Doctoral College

### Evening Master Class - Finding your positioning; Ontology and Epistemology

Wednesday 11<sup>th</sup> October 2017, 5-7pm, MD165, 1st Floor, Harrison Learning Centre

Pauline Fuller, Senior Lecturer, Public Health / Health Studies

Book via the [Research Seminars and Events webpage](#)

Ontology and epistemology are both important elements of the philosophy of knowledge. They often overlap, but have clear distinctions that focus around the way we know things (ontology) and the approaches we chose to understand our world (epistemology). They are therefore of importance to research no matter the discipline area you work in or the methodological approaches that you adopt. In this session Dr Fuller discusses the variety of philosophical schools of thought that are applied to ontology and epistemology.

## Doctoral College

### R20: Research & ERASMUS

Thursday 12<sup>th</sup> October 2017, 10am-12pm, MD165, 1<sup>st</sup> Floor, Harrison Learning Centre

Dr Glyn Hambrook, Faculty of Arts

Book via the [Research Skills Development Workshops webpage](#)

## FoA Doctoral Training

### Doctoral Training Programme: Workshop 1: Quality and Procedure

Friday 13<sup>th</sup> October 2017, 9am-4:30pm, Room MC227, City Campus

Dr Glyn Hambrook & Professor Kristina Niedderer

To register your interest please contact [FoArtsResearch@wlv.ac.uk](mailto:FoArtsResearch@wlv.ac.uk)

The aims of this intensive and comprehensive introduction to research culture are:

- to provide a strategic briefing on the key academic-administrative stages of the research student life cycle (annual progress review, confirmation of research proposal, examination – see section 6)
- to become acquainted with the breadth of the experience of doctoral study (completion of the thesis, participation in research culture, professional development)
- to consider key issues in the experience of undertaking doctoral research (quality in research, building research skills, relationship with supervisors, internationalisation of experience, teaching culture)

09.00	Welcome and coffee
09.30	Introduction <ul style="list-style-type: none"> <li>Postgraduate research - a holistic view of the experience</li> <li>Participating in research culture and professional development</li> </ul>
10.15	What is a PhD? Discussion of the key characteristics of a PhD using 3 thesis abstracts
10.45	Break
11.00	Introduction: Regulations, schedule, trajectory
11.45	Interactive session: What is meant by 'quality' in research and in a PhD in particular?
12.30	Lunch break

## FEHW Education

### Inclusive practice: a programme of development for the Institute

Friday 13<sup>th</sup> October 2017, 1-2pm, Walsall Campus, room tbc.

Prof Peter Lavender and Dr Stephanie Brewster

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

In a rapidly changing higher education context, students are paying more towards their education, employability is a key concern for all participants, and those with disabilities are finding it particularly challenging – financially and educationally. The Institute of Education (IoE) has a commitment to widening participation and securing the highest quality of education for all students. We consider that a greater focus on disabled students, particularly with concerns about changes to the disabled students' allowance, will move us towards a stronger approach to inclusive practice.

The University is developing a strategy for inclusive teaching and learning within an overall inclusive practice approach.

This seminar explores what is meant by inclusive practice, particularly inclusive learning and teaching and considers the benefits to both students and the Institute. We will showcase the good practice already going on in IoE, reporting on the progress being made across the Institute. We hope discussions will inspire colleagues to consider their own professional journey towards inclusive practice and promote opportunities for supporting each other in developing our practice.

For more information contact: Peter Lavender [Peter.Lavender@wlv.ac.uk](mailto:Peter.Lavender@wlv.ac.uk) or Stephanie Brewster [s.brewster@wlv.ac.uk](mailto:s.brewster@wlv.ac.uk)

## FSE Lecture

### Research Progress of Electromigration (EM) and Thermomigration (TM) in Solder Interconnects.

Tuesday 17<sup>th</sup> October 2017, 4pm

Outreach Lab, Ground Floor, Rosalind Franklin Building, City Campus

Professor Yan Cheong Chan, Department of Electronic Engineering, City University, Hong Kong

Professor Y.C. Chan obtained his PhD in 1983, MSc (Eng) in 1978 and BSc (Eng) in 1977 from Imperial College of Science and Technology, London, and is currently Chair Professor of Electronic Engineering and Director of the Centre for Electronic Packaging, Failure Analysis and Reliability Engineering (EPA Centre) at City University of Hong Kong, <http://www.ee.cityu.edu.hk/~epa/>.

Previously, he had a distinguished career in industry, including posts at Fairchild Semiconductor (CA, USA), SAE Magnetics (HK) and Seagate Technology (Singapore). He was elected Fellow of the IET in 2002, and Fellow of the Institute of Electrical and Electronic Engineers in 2004. Prof. Chan has authored over 270 journal publications, 128 International conference papers and 4 books.

Mountains of plastic waste, including carrier bags, packaging and medical plastic wastes are buried in landfill sites around the world each year. Unfortunately plastics produced by the petrochemical industry are not biodegradable and therefore accumulate in the environment at a rate of more than 25 million tonnes per year. This continues to pose a growing challenge for authorities at both the local and national level; hence there is a demand for biodegradable plastic. This presentation will describe the significant contributions that the Biopolymer Research Group at the

University of Wolverhampton is making towards these global issues.

Bioplastics have experienced rapid growth in the past decade thanks to the public concerns over the environment. Global capacity of bioplastics is expected to reach 7.8 million tonnes in 2019. Starch plastics, poly-lactic acid, poly-hydroxyalkanoates, bacterial cellulose are expected to be the major types of biobased biodegradable plastics in the future.

Naturally-occurring bacterial polymers have an enormous potential as they can be produced from renewable biogenic resources under well controlled conditions and they are efficiently biodegraded. Moreover, their expected impact is not simply limited to easing the environmental problems inevitably associated with their production, but also in reducing dependency on fossil-fuel based polymers. Over the past decades a large amount of biopolymers originating from various types of microorganisms have been reported. Ongoing research has increased rapidly the number of possible applications, ranging from food additives, polymeric controlled-release systems of pesticides and biomedical agents to biodegradable packaging, toys, carpets and electronic components.

Bacterial biopolymers can contribute to the solution of the problem of disposal of manufactured plastics. There are still challenges in developing biodegradable, high performance bacterial plastics. Attempts are therefore being made to find new ways in which to increase the rate and efficiency of microbial synthesis of bioplastics

This talk is about the challenges of conducting research in a developing country, her experience and the challenges encountered while interviewing men on their knowledge and perception of Female Genital Mutilation (FGM) in Nigeria. The topic will highlight the impact of participant's beliefs that the researcher is coming from the UK and its financial implication on her research, the economic recession in Nigeria and how this affected participant's willingness to take part in the research, the violence in South-east Nigeria and the opportunity to create an awareness campaign against FGM in the study site.

Background: conducting a research in developing countries requires skill and adequate preparation. Some developing countries are politically unstable and due to economic recession are thus prone to unexpected violence. Identifying ways to safeguard oneself, adapt to changing circumstance and prevent researchers' burnout is paramount to a successful research.

### Black History Month Conference

Thursday 19<sup>th</sup> October 2017, 10am to 4pm, SU Venue, Ambika Paul Building, City Campus

Book free tickets at <https://www.eventbrite.co.uk/e/university-of-wolverhampton-black-history-month-conference-tickets-36538974055>

For more information about all the Wolverhampton Black History Month Events please read the local community's [Black History Month Brochure](#).

The University of Wolverhampton will be holding a day of lectures, workshops and discussions covering the role of Black people in today's society and throughout history.

A key theme will be looking at the role that Black people play in today's turbulent political climate. We will hear from the New Statesman's Stephen Bush about what the recent General Election meant for Black people across the UK. One of the UK's leading political journalist, his work having also featured in the Guardian, Independent, Evening Standard and the BBC. We will also be joined by Black and Asian local councillors who will talk about how they got involved in politics. The day will conclude with the University of Wolverhampton's first ever Black History Month Lecture.

The University will also be talking about how staff and students, as well members of the general public, can support its efforts to improve the University experience of BAME and Other Ethnic Minority staff, students and visitors.

The Conference is open to students, staff and members of the general public. They day will run from 10am to 4pm but people are welcome to attend for only part of the day if that is convenient. Lunch will be provided to conference attendees.

A full agenda will be available shortly. If you have any questions please contact Will Cooling by emailing [w.cooling@wlv.ac.uk](mailto:w.cooling@wlv.ac.uk).

### Thinking Out Loud - Musings of a Black Midwife

Thursday 19<sup>th</sup> October 2017, 5-7pm, Room tbc, City Campus

This is a free event open to anyone interested in public health but places will be limited so please reserve you place by emailing [FEHWEvents@wlv.ac.uk](mailto:FEHWEvents@wlv.ac.uk). Refreshments will be provided at the event.

For more information about all the Wolverhampton Black History Month Events please read the local community's [Black History Month Brochure](#).

The University of Wolverhampton begins its 2017/18 Public Health Seminar Series with a special Black History Month event. Elsie Gayle provides a personal reflection on her experiences as someone who came to the UK to work in the NHS, an interactive exploration of persistent existing health inequalities across the life course, and steps practitioners can take to address them.

In doing so will be bringing to light how the creation of the National Health Service brought large numbers of health workers to Britain from the Commonwealth countries, to both train and work in the service. Despite barriers to their integration many have led successful lives, with their knowledge and skills having made a significant continued contribution to the success of the NHS.

Elsie Gayle is a midwife in private practice, with significant national and international experience. She Co-Chairs the Society of African and Caribbean Midwives in the UK, and is dedicated to ameliorating the historical inequalities in service provision, the root causes of obstetric violence; the poor outcomes for disadvantaged mothers and babies, and in particular those of African descent.

**Rivers of Blood in Wolverhampton? Enoch Powell, Racism and Resistance**

Thursday 19<sup>th</sup> October 2017, 5:30-7pm, MH002, Mary Seacole Building, City Campus

Dr. Shirin Hirsch, Postdoctoral Research Fellow in History, University of Wolverhampton

For further information about the lecture contact Dr Richard Hawkins by email to [R.A.Hawkins@wlv.ac.uk](mailto:R.A.Hawkins@wlv.ac.uk) . Book via the email [fossevents@wlv.ac.uk](mailto:fossevents@wlv.ac.uk)

Almost fifty years ago Enoch Powell made national headlines in what would become known of as his ‘Rivers of Blood’ speech. He dramatically warned of an immigrant invasion in the once respectable streets of Wolverhampton. This focus brought the Black Country town into the national spotlight, yet Powell’s unstable relationship with Wolverhampton has since been overlooked.

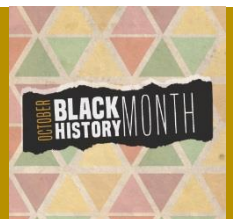

This lecture explores this relationship further. It draws out a rich local history which Powell’s words reflected, distorted and reformulated. Through interviews and archival research, the talk examines alternative responses to the speech and allows us to reflect on

questions of race, class and resistance in Wolverhampton. In a contemporary period of economic crisis and national divisions, revisiting the shadow of Powell is pertinent in grappling with emerging change.

Introduction by **Eleanor Smith MP**, Labour Member of Parliament for Wolverhampton South West, on race equality today. Eleanor Smith was elected in the 2017 general election, becoming the West Midlands’ first ever Afro-Caribbean MP after winning the seat once held by the Conservative MP Enoch Powell.

**Dr Shirin Hirsch** is currently completing a book on Enoch Powell, race and resistance which will be published by Manchester University Press in 2018. Read [Dr Shirin Hirsch's full staff profile](#)

Photo: Protest against Enoch Powell in Wolverhampton, courtesy of the Express and Star.

**Quarter Life Crisis**

Thursday 19<sup>th</sup> October 2017, 7:30pm, Arena Theatre. Staff and Students pay concession of £10.

Tickets can be booked through the Arena Theatre’s website <https://www.wlv.ac.uk/arena-theatre/>

For more information about all the Wolverhampton Black History Month Events please read the local community’s [Black History Month Brochure](#).

Alicia is a hot mess. She doesn’t know what she’s doing with her life. Swiping left, swiping right to find the perfect match. Even though she’s a Londoner, born and bred, the scent of Lagos peppers her existence in the ends. Everyone around her seems to know where they’re going in life, but she’s just trying to find ways to cheat growing up and keep her 16-25 railcard. What does it mean to be an adult and when do you become one?

Quarter Life Crisis mixes addictive baselines, spoken word and audience participation.

**Trips**

**Cardiff**

Saturday 21<sup>st</sup> October 2017, 7:45am - 5pm

Dr Fran Pheasant-Kelly

Book via the [Research Skills Development Workshops webpage](#)

## Muhammad Ali: The Great Black Hope

Wednesday 25<sup>th</sup> October 2017, 2-4pm, WN218, Samuel Johnson Building, Walsall Campus

The event is free to attend with no registration necessary

For more information about all the Wolverhampton Black History Month Events please read the local community's [Black History Month Brochure](#).

The University of Wolverhampton will be hosting a special talk on what Muhammad Ali meant to Black politics.

It places Ali in the context of a world where boxing was unusually open to Black and White athletes competing against each other, an openness that led not to racial harmony but White backlash. It shows that Ali broke the mould set by previous African-American champion such as Joe Louis who had sought to appease White society by striking a deferential pose. It will explore Ali's involvement in the Nation of Islam and his racially -charged taunting of Joe Frazier in an attempt to establish how sincere Ali was in his advocacy of Black Power.

Will Cooling has covered pro-wrestling, UFC and boxing for a variety of outlets including Fox Sports, Wrestling Observer and Fighting Spirit Magazine. For FSM, he has previously written about Muhammad Ali vs. Joe Frazier, and Muhammad Ali's wider legacy.

## FoSS

### Law Journal Club

## 'Chocolate Trademarks: The Battle for the Bite?'

Wednesday 25<sup>th</sup> October, 12:00-13:00

MU302, Lord Swraj Paul Building, City Campus

[Dr Kim Barker](#), University of Stirling

Dr Barker's research falls within the broad area of intellectual property law and internet law. Her intellectual property research interests include non-standard trademarks, copyright and user-generated content. Her internet law research interests focus upon the regulation and control of online multi-user platforms including online games and social media platforms. In particular she is interested in the intersection between user responsibility, platform provider responsibility and legal regulations.

Her current research projects focus on nuanced areas of trademark protection, challenges posed by internet trolling, and gender-based abuses in online environments.

Dr Lahart is a Senior Lecturer in Exercise Physiology a committee member of HEAT and the course leader for BSc Sport and Exercise Science at the University of Wolverhampton.

He is currently working on a Cochrane Collaboration Systematic Review on exercise and breast cancer. Through his role as a research fellow at Russells Hall hospital, Dudley, he works with cardiovascular disease, cancer and rheumatoid arthritis patients. He was involved in the setting up of and helps manage a MacMillan funded exercise-based cancer rehabilitation service in Action Heart, a cardiac rehabilitation centre in Russells Hall Hospital.

Ian provides exercise testing and sports science support to athletes, including runners, triathletes and cyclists, and has previously provided physiological testing for Wolverhampton Wanderers FC and Walsall Town FC.

**International  
Festival  
2017**

**Making a Positive Difference by being Thoughtfully Ruthless - Val Wright**

Thursday 26<sup>th</sup> October, 6pm to 8.30pm, MH002, Mary Seacole Building (MH), Nursery Street

Please book via the [CMI website](#)

Questions about this event should be addressed to CMI Events at [cmievents@managers.org.uk](mailto:cmievents@managers.org.uk) or by telephone on 01536 207461.

Internationally acclaimed innovation expert Val Wright was named as one of the top 50 resources for Chief Operating Officers by ClickSoftware. She is one of only 64 experts inducted into the Million Dollar Consultant® Hall of Fame.

Born in Stourbridge, Val founded her first company aged 15 as part of the HSBC sponsored Young Enterprise Scheme. Rackhams, House of Fraser sponsored Val's day release from their Management Training Scheme to study Business and Finance HNC at Wolverhampton University demonstrating that there are multiple ways to combine business experience with education.

After tenures with Land Rover under BMW ownership, and Marconi during the boom and bust of the 2000 bubble, Val joined Microsoft after they acquired the Rare games studio in Twycross, Val joined to lead the transformation following acquisition, Microsoft then relocated her to Seattle to the Xbox headquarters where Val participated on the small team that created the fastest-selling device of all time, Kinect for Xbox, which won a Guinness Book of World Record, selling over 20 million devices. This contributed to the turnaround of Microsoft's Entertainment business from a billion-dollar loss to a multimillion-dollar profit machine.

The global clients who have requested her help include Starbucks, LinkedIn, Microsoft, Financial Times, Gartner, and DreamWorks Animation. Val's corporate experience includes tenures during dramatic growth periods at Amazon, BMW, Microsoft, House Of Fraser, Marconi, and Sema Group.

Her unique approach, which she has trademarked as Thoughtfully Ruthless®, has produced typical client results of market domination in extraordinarily short time frames along with compassionate truth telling, fearlessness, and extensive creative, technical, and leadership gains.

Val's books include: Thoughtfully Ruthless: The Key to Exponential Growth, Wiley, 2016, named Business Book of the Year 2017 by the Independent Press Awards, and Innovation Trifecta: How to Catapult Innovation by Creating a Symbiotic Relationship between Creative, Business, and Technical Minds. She is a regular contributor on CNBC, Inc. Magazine, Business Insider, Fast Company, Bloomberg, Reuters, LA Times, MSN, and Today.

**Programme**

6.00pm: Refreshments and networking - The Forum, Lord Swraj Paul Building, University of Wolverhampton Business School

7.00pm: Introductions and presentation of CMI Rosebowl Award - Lecture Theatre, Mary Seacole Building

7.10pm: Lecture by Val Wright

8.30pm: Event concludes

**The Psychology of Pain**

Friday 27<sup>th</sup> October 2017, 1-3pm, City Campus, Room Tbc

Dr Abigail Taiwo, Lecturer and guests

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

**Dr Abigail Taiwo** has been a practicing Clinical Psychologist and psychotherapist, as well as teaching within academia for over 17 years. Abigail joined the institute of Psychology, University of Wolverhampton in September 2013. Her current research focus includes the understanding of psychological issues in pain and how this could inform psychological services for pain management.

**Speakers:**

**Dr Vinay Ketkar** is a Musculoskeletal Physician, at the Royal Orthopaedic Hospital. Dr Ketkar graduated from the University of Birmingham and after completing a rotation in general medical specialties joined the University Medical Service in Birmingham where he gained experience treating musculoskeletal conditions and sports injuries in elite athletes. He has an interest in the non-surgical treatment of back pain and in particular interventional treatments including spinal injections and prolotherapy.

**Dr Zoey Malpus** is a Chartered Clinical Psychologist specialising in pain management rehabilitation. She has over 20 years NHS experience of successfully delivering psychological therapy working with individuals, families or groups. Her main approach is Cognitive Behavioural Therapy (CBT) also drawing upon a range of contextual approaches including Compassion Focused Therapy, Mindfulness and Acceptance-based Therapies. Dr Malpus is also an elected Council Member of the British Pain Society and past chair of the British Pain Society, Pain Management Programme Special Interest Group.

**Shruti Kaushal**, is a Psychological Wellbeing Practitioner / Counselling Psychologist (Trainee) at Dudley and Walsall Mental Health Partnership NHS Trust, and Research Student, Institute of Health, Psychology and Well-being

For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

**Our Dream - Celebration of Black Excellence**

Friday 27<sup>th</sup> October 2017, 5pm

The SU Venue, Ambika Paul Building

For more information about all the Wolverhampton Black History Month Events please read the local community's [Black History Month Brochure](#).

An evening of celebrating the rich diversity in black culture. Experience the talent, involvement and achievements of Black individuals across the local community from talks of triumphs to performance. Come along to this FREE event, not just as a spectator but a pillar of support to strengthen the black community.

## Halloween Film Screening

### The Lost Boys

Friday 27<sup>th</sup> October 2017, 8:15pm, Light House, Fryer Street, WV1 1HT

Tickets £4.50 (Special discounted price for staff, students and alumni)

Call 01902 716055 or visit the Light House website to book your tickets.

The WLV Alumni Association invites you to attend a very special Halloween screening at Light House, Wolverhampton's only independent cinema.

"Sleep all day. Party all night. Never grow old. Never die. It's fun to be a vampire".

We invite you to attend this 30th anniversary screening of The Lost Boys, in celebration of the iconic 80's horror film.

The Lost Boys tells the story of Sam & Michael Emerson, two brothers who discover a local gang of the undead living in their new home of Santa Carla. Before Twilight, True Blood and The Vampire Diaries there was The Lost Boys. This pop-culture phenomenon is infinitely quotable and has a killer soundtrack to match... Don't miss your chance to see it on the big screen!

[Cert 15, 1hr37, Dir: Joel Schumacher, USA, 2017]

## Trips

### Blackpool Illuminations

Saturday 28<sup>th</sup> October 2017, 8:30am - 9pm

Ticket Price: £15.00 per person.

For More Information Visit: <https://www.wlv.ac.uk/international/international-student-support/information-for-current-students/trips-and-events/blackpool/>

### Black/LGBT Intersectionality Discussion and Screening of Moonlight

Monday 30<sup>th</sup> October 2017, 5pm, the Lighthouse

Tickets are £4.50 and can be purchased at <http://light-house.co.uk/calendar/2017/02/moonlight/>

For more information about all the Wolverhampton Black History Month Events please read the local community's [Black History Month Brochure](#).

*Winner of the Academy Award for Best Picture, Best Supporting Male Actor and Best Adapted Screenplay and winner of the Golden Globe for Best Picture.*

In association with the Wolverhampton LGBT Alliance and the University of Wolverhampton, the Light House will be hosting a special Black History Month screening of the acclaimed film, Moonlight.

The film chronicles the life of a young black man from childhood to adulthood in a rough Miami neighbourhood as he struggles to find his place in the world. A ground-breaking piece of cinema portraying moments, people & unknowable forces that shape our lives. Starring Mahershala Ali & Naomi Harris. USA 2017

The screening will be preceded by a forty-five minute discussion organised by the University of Wolverhampton and Wolverhampton LGBT Alliance. This will include talks on the unique challenges facing Black LGBT people, the contribution made by prominent Black LGBT people throughout history, and how the Oscars reformed itself in response to the 2016 "Oscars So White" protests.

### Who cares wins? Examining sustainability in supply chain management

Wednesday 1<sup>st</sup> November 2017, 5-6pm (4.30-5.00pm Light Refreshments)

Light refreshments - The Forum, Lord Swraj Paul Building (MU), Molineux Street, Wolverhampton  
Lecture in MH002, Mary Seacole Building, Nursery Street, Wolverhampton, WV1 1AD

Professor Claire Hannibal, Professor of Operations Management, Wolverhampton Business School

The continued pressure on reducing the cost of production and distribution has resulted in complex supply chain configurations becoming commonplace. Today's supply chains span multiple countries, utilise numerous suppliers and operate across many supply chain tiers. Consumers, non-governmental organisations and governments repeatedly raise concerns about the wages, working hours and working conditions of supply chain actors, particularly those involved in raw material/agricultural production and manufacturing. The lecture will discuss how far sustainability logos, codes of conduct and certification schemes go in assuring us, as consumers, of the credentials of the products we purchase. Highlighting a product as being produced and traded in a particular way allows choices to be made at the checkout, but do we understand the choices we are making?

Claire Hannibal is Professor of Operations Management at Wolverhampton Business School. She has held Faculty positions at the Universities of Liverpool, Bradford and Manchester. Her research focuses on performance improvement, particularly in public and third sector organisations.

Claire is the Founding Chair of the British Academy of Management (BAM) Special Interest Group on Operations, Logistics and Supply Chain Management and was elected to BAM Council in 2016. She also served as a Board Member of the European Operations Management Association (EurOMA) from 2014-2017.

Prior to joining academia, Claire worked for three years in Ethiopia with Voluntary Service Overseas (VSO) and has held managerial positions in manufacturing, textile processing and retail. Read [Professor Claire Hannibal's full staff profile](#)

To book a place please email: [FoSSresearch@wlv.ac.uk](mailto:FoSSresearch@wlv.ac.uk)

### Open Forum

Monday 6<sup>th</sup> November 2017, 5-7pm, MD165, 1st Floor, Harrison Learning Centre

The Doctoral College & STaR Office

Book at: <https://www.eventbrite.co.uk/e/open-forum-tickets-37871485633>

The Open Forum is an opportunity to talk to the Doctoral College about your experience or your ideas about what you would like to see happening in research at the University. The panel will consist of Professor Silke Machold (Dean of Research), Dr Ben Halligan (Director of the Doctoral College), Dr Debra Cureton (Research Development Manager) and Phil Whittingham (Manager of the STaR Office). All PGR students from the University of Wolverhampton are welcome.

## FoA CADRE

### Public Lecture - Dr Michael Birchall

Tuesday 7<sup>th</sup> November 2017, 6-7:30pm City Campus Room TBC

Dr Michael Birchall, Curator of Public Practice, Tate Liverpool and Senior Lecturer in Exhibition Studies, Liverpool John Moores University

Centre for Art, Design, Research and Experimentation: Communication and Design

More details to follow. To register your interest please contact [FoArtsResearch@wlv.ac.uk](mailto:FoArtsResearch@wlv.ac.uk)

Dr Michael Birchall holds a collaborative post with Tate Liverpool where he is curator of public practice, and Senior Lecturer in Exhibition Studies at Liverpool John Moores University. He is an active researcher in the Exhibition Research Lab devoted to the study of exhibitions and curatorial knowledge, comprising of research activities, dedicated public art gallery, and an MA in Exhibition Studies.

His research interests include, socially engaged art, participatory practices, community art (particularly in Europe and North America), curatorial practice and theory, exhibition histories from the 1960s onwards, and new forms of creative labour in the arts. He would

welcome prospective PhD applications in these areas.

Previously he has held curatorial appointments at The Walter Phillips Gallery at The Banff Centre (Canada), The Western Front (Vancouver, Canada), and Künstlerhaus Stuttgart (Germany). His curatorial practice concerns socially engaged art, performance, and public practice. From 2012-2015 he lectured on the Curating Program at Zurich University of the Arts, and was co-publisher of the journal On Curating.

## FEHW Education

### Wireless in Gaza, or the problems and paradox of education for Palestinian refugee communities

Wednesday 8<sup>th</sup> November 2017, 1-2pm, Walsall Campus, Room Tbc

Professor John Traxler, Professor of Digital Learning

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

*.....Promise was that I  
Should Israel from Philistian yoke deliver;  
Ask for this great deliverer now, and find him  
Eyeless in Gaza at the Mill with slaves ...  
... maybe the other way round.*

The Education Department of UNRWA is a paradox. It is a progressive organisation, responsible year-on-year for the schooling of half-a-million children in five areas, taught by more than 22,000 teachers, as well as delivering vocational and technical training, and teacher development, espousing gender equality, inclusive education and active learning.

It takes place however in the extraordinary environments of the Palestinian refugee communities of Syria, Lebanon, Gaza and the occupied Palestinian Territories, characterised by divisive political ideologies, deeply conservative traditions, complex cultural nuances and a security environment embracing both the ongoing low-level harassment of road-blocks and check-points and the outbreaks of civil war, air strikes and armed insurgency.

This seminar, based on three years' work with UNRWA and in the region, explores the educational consequences of this paradox between the ordinariness of building and developing a school system in the extraordinariness of its environment.

Professor John Traxler was Professor of Mobile Learning, the world's first, since September 2009, and now Professor of Digital Learning in the Institute of Education at the University of Wolverhampton UK. He is one of the pioneers of mobile learning and has been associated with mobile learning projects since 2001 when he was evaluator for m-learning, the first major EU project. He is a Founding Director and current Vice-President of the International Association for Mobile Learning, responsible for the annual international mLearn research conference running since 2002. He is co-editor of the definitive book, *Mobile Learning: A Handbook for Educators and Trainers*, and *Mobile Learning: the Next Generation* with Professor Agnes Kukulska-Hulme. He is co-author of *Mobilizing Mathematics: Case Studies of Mobile Learning* being used in Mathematics Education and *Mobile Learning and STEM: Case Studies in Practice*, and has written more than 30 book chapters on all aspects of mobile learning. He sits on various editorial boards.

### 'Not in front of the customer!' The legitimacy of restrictions on religious dress at work - an EU perspective

Tuesday 14<sup>th</sup> November 2017, 12-1pm

Venue tbc, City Campus

[Dr Andrew Hambler](#), Senior Lecturer in Human Resources and Employment Law, UWBS

Andrew is a former HR Consultant who worked for many years for the financial services firm PricewaterhouseCoopers. Since entering higher education as a senior lecturer in 2004, Andrew has undertaken short term lecturing assignments in several countries and currently manages the Faculty of Social Science's transnational education programmes in India, Sri Lanka and the UAE.

Andrew's research interests are focused on religion and law in the workplace and he completed his PhD at Durham University, under the supervision of Prof Ian Leigh, in 2013. His research has been quoted in national reports for the Equality and Human Rights Commission. He has written a monograph on the subject of religious expression at work and the law and this was published by Routledge as the first title in a series on law and religion. In 2015, an article by Andrew was one of the five most highly rated by practitioners in the Chartered Management Institute's Top Management Articles competition. As well as publishing in this field, Andrew has acted as an adviser to religious ethos organisations.

## FSE Science

### Molecular mechanisms of epigenetics

Tuesday 14<sup>th</sup> November 2017, 1-2pm

MC424, Millennium City Building

Dr Akane Kawamura, Division of Cardiovascular Medicine, Radcliffe Department of Medicine, Wellcome Trust Centre of Human Genetics, Oxford University

Akane completed her undergraduate degree in Chemistry (MChem) at Oxford. She obtained her D.Phil in Pharmacology in Professor Edith Sim's group (Oxford) focusing on the biochemistry of xenobiotic metabolism and small molecule interactions of Phase II drug metabolizing enzymes. She then spent three years in industry as a senior biologist, where she led multiple drug discovery projects across a wide number of therapeutic areas.

In 2009 she returned to academia and joined Professor Chris Schofield's group. During this time she worked on developing chemical probes for epigenetic targets in collaboration with the Structural Genomics Consortium.

In July 2012 she was appointed as a BHF CRE Senior Fellow in Department of Chemistry and Division of Cardiovascular Medicine, Radcliffe Department of Medicine. She was awarded a Royal Society Dorothy Hodgkin Fellowship, which commenced in January 2013.

In an editorial published in the *British Medical Journal (BMJ)*, FPH President, Professor John Middleton, calls on the next Government to embed health in all policies, and to think in the long-term, beyond electoral cycles in order to realise the 'health dividend'.

As local authorities have the opportunity to become true 'public health councils', so Professor Middleton calls for the next Government to be a 'public health Government.' You can read Professor Middleton's article in full at the following

link: <http://bit.ly/2qJJr1z>

Professor Middleton is the President of the Faculty of Public Health and an Honorary Professor of Public Health at Wolverhampton University and former Director of Public Health in Sandwell. The Faculty of Public Health (FPH) was established as a registered charity in 1972 following a central recommendation of the Royal Commission on Medical Education (1965-68).

FPH is a joint faculty of the three Royal Colleges of Physicians of the United Kingdom (London, Edinburgh and Glasgow) and also a member of the World Federation of Public Health Associations. Although an integral part of the three Royal Colleges, FPH is an independently constituted body with its own membership, governance structure and financial arrangements.

### Evening Master Class - Understanding Research Framework

Wednesday 15<sup>th</sup> November 2017, 5-7pm, MD165, 1st Floor, Harrison Learning Centre

Dr Ben Halligan, Director of the Doctoral College

Book via the [Research Seminars and Events webpage](#)

In this masterclass Dr Ben Halligan reviews and discusses the variety of frameworks that are used to underpin our research. As there is often confusion about the definition of each framework, some of which is used interchangeably, Dr Halligan will explore each of the frameworks below and how we applied them within our work. This session will cover:

- The theoretical framework and how this arises from the literature search and underpins the research questions or hypotheses.
- The philosophical framework that is resultant from our ontology and epistemology positions and aligns to how we answer the research questions and our methodological choices.
- The methodological framework which is derived from the theories that underpin and align to the methods that we utilise to answer the research questions.
- The conceptual framework, which are the concepts that influence the whole ethos of the research.

## LIS Skills for Researchers

### Academic Writing at Doctoral Level

Thursday 16<sup>th</sup> November 2017, 11am - 1pm

Walsall Campus room tbc

## FEHW Education

### Prospects for education after the election

Friday 17<sup>th</sup> November 2017, 1-2pm, Venue tbc, Walsall Campus

Professor Andy Westwood, Director of the University Observatory

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Andy Westwood is a Professor of Politics and Policy and Director of the University Observatory. He was special adviser to the Secretary of State at the Department for Innovation, Universities and Skills and a senior adviser at the Treasury and the Department for Education. He was also a senior adviser to ministers at the Department for Communities and Local Government and a specialist adviser to the House of Lords Committee on Digital Skills.

Professor Westwood is also President of the Organisation for Economic Co-operation and Development (OECD) Forum on Social Innovation and an expert adviser for their Local Employment and Economic Development (LEED) programme and for the International Monetary Fund (IMF).

The role of Director of the University Observatory involves engaging with the decision-makers who shape higher education policy and practice. This includes building on existing links with national and regional partners, sector bodies and government departments to raise the profile and presence of the University of Wolverhampton.

### Jacqui Poncelet Public Lecture

Tuesday 21<sup>st</sup> November 2017, 6-7:30pm

City Campus Room TBC

To register your interest please contact [FoArtsResearch@wlv.ac.uk](mailto:FoArtsResearch@wlv.ac.uk)

Born in Liege, Belgium, Jacqui Poncelet studied at Wolverhampton College of Art and the Royal College of Art from 1966 until 1972. Jacqui established herself as a major figure on the international ceramics scene and is well-known for her early work in bone china, and for her more sculptural works in ceramics after 1980. From the mid-80s she extended her practice to include painting, sculpture, installation and public art commissions. She was the recipient of a British Council Arts Fellowship in 1978 which enabled her to travel extensively in the USA. She has been an influential teacher and lecturer worldwide. In 2000 she was a curator of the British Art Show and in

2004 a board member for the prestigious Artes Mundi exhibition at the National Museum of Wales. She is represented in important public collections throughout the world, including London's Tate, Victoria and Albert Museum, the Stedelijk Museum in Amsterdam and the Museum of Modern Art, New York. <http://www.poncelet.me.uk/>

Jacqui's personal passion is for pattern & colour. She does not have a minimalist aesthetic & believes that complexity can enrich our lives but should not overwhelm us. Each element within a composition should add to the overall experience.

## FEHW Social Work

### Supporting student carers at the University of Wolverhampton

Monday 27<sup>th</sup> November 2017 (change of date from 07/11/17), 1-2pm, City Campus, Room Tbc

Dr Fiona Morgan, Senior Lecturer in Social Work

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Existing research indicates that informal caring responsibilities can negatively impact on students' retention and attainment at university and that the prevalence of student carers is unknown (Hussain, et al., 2013; NUS, 2013; Sempik & Becker, 2014).

Fiona's pilot study used mixed methods to determine the prevalence and characteristics of student carers in FEHW using an online survey. Semi-structured interviews undertaken with a sub-sample of student carers explored their views about the support available at the University of

Wolverhampton to meet their needs, and identify any factors and barriers affecting their effective engagement in university education.

Fiona was appointed as a Lecturer at the University of Wolverhampton in 2013 to teach on the Social Work and Social Care degree programmes. She undertook social work training at the University of Hertfordshire (1995-1998) and had a 10 year career as a social worker. In 2009 Fiona completed an MSc in International Social Policy, and a year later commenced PhD study at the University of Bath which was completed in 2015. The qualitative research project analysed the treatment of informal carers and the older people they care for by care policies in England using policy simulation techniques.

### Ethical challenges in autoethnography: Paradigm pitfalls

Wednesday 29<sup>th</sup> November 2017, 1-2pm, Venue tbc, City Campus

Lucy Pursehouse, Senior Lecturer and Vik Kelly-Teare, Senior Lecturer

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

We are going to present about the ethical challenges involved in autoethnographical research. There will be particular consideration to the notion of 'relational ethics' including the relationship of the researcher to the research. There will be a performative dialogue presenting some of the pitfalls from the researchers' experiences of gaining ethical approval as well as a discussion of the uniqueness of autoethnographical research and its subjectivity.

Vik is Head of Social Care and Lucy is a Senior Lecturer both in the Institute of Public Health, Social Work and Social Care. For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

## FoA Humanities

### Symposium on Four Nations Literature: 'Un-shared Futures?: Teaching the Literatures of Four Nations in Flux'

Tuesday 5<sup>th</sup> December 2017, 9:30am-6pm, tbc

Room MU504-5, Lord Swaraj Paul (MU) Building, City Campus

For more information or to confirm your attendance contact Dr Aidan Byrne - [A.Byrne2@wlv.ac.uk](mailto:A.Byrne2@wlv.ac.uk)

The Association for Welsh Writing in English and the School of Humanities are delighted to invite colleagues from all areas of literary studies to a one-day symposium.

As the UK stumbles from constitutional crisis to EU withdrawal, three speakers, a postgraduate panel and a round-table discussion address the question of how literature and humanities departments face the challenge of choosing, framing and teaching canonical and contemporary literary texts from the Four Nations within the critical and pedagogical structures found in each nation's schools and universities.

The keynote speakers will be:

- Professor Katie Gramich (Prifysgol Caerdydd/University of Cardiff),
- Professor Eve Patten (C laiste na Tr ion ide Baile Atha Cliath / Coleg y Drindod Dulyn / Trinity College Dublin)
- Thomas Morris (author of *We Don't Know What We're Doing* (2015), Contributing Editor of *The Stinging Fly* and Writer in Residence, C laiste na hOllscoile Corcaigh / University College Cork) reading from his work and in conversation with Professor Matt Jarvis (UWTSD/PCYDDS/Prifysgol Aberystwyth University).

Panel chairs will be Dr Sarah Morse (Learned Society of Wales / Cymdeithas Ddysgedig Cymru) and Professor Kirsti Bohata (Prifysgol Abertawe / University of Swansea).

#### Indicative schedule

9:30-10:30	Introductory Keynote 1 – Professor Katie Gramich
10:30-11:00	Coffee
11:00-12:30	Postgraduate paper panel chaired by Dr. Sarah Morse
12:30-1:30	Lunch
1:30-2:30	Keynote 2 – Professor Eve Patten
2:30-3:00	Coffee
3:00-4:30	Hard Borders? Teaching Four Nations Literature - a round table discussion chaired by Professor Kirsti Bohata
4:30-5:00	Coffee
5:00-6:00	Creative Keynote – Thomas Morris

Please send 200-word abstracts of postgraduate papers on the subject of new approaches to Four Nations texts and/or teaching to [a.byrne2@wlv.ac.uk](mailto:a.byrne2@wlv.ac.uk) by November 1st: draft papers will be distributed to delegates in advance so that panellists and delegates can engage with the ideas and texts in a discussion led by the chair and author of each paper.

The conference is free to all delegates, funded by the Faculty of Arts, Wolverhampton University. Delegate numbers will be limited to 45.

**Emotions and Eating**Tuesday 5<sup>th</sup> December 2017, 1-2pm, Venue tbc, Walsall Campus

Dr Tracey Devonport &amp; Dr Wendy Nicholls

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Dr Tracey Devonport is registered as a Sport and Exercise Psychologist with the Health Care Professions Council. Other certifications include; Chartered Psychologist with the British Psychological Society, accredited with the British Association of Sport and Exercise Sciences (BASES) for scientific support (Psychology) and a Chartered Scientist. Tracey was made a Fellow of BASES in 2015.

Tracey's research interests primarily lie around stress, coping, and emotion regulation. In particular she is interested in applied research with a focus on intervention development and delivery. Other research interest areas include emotional intelligence, emotional eating, self-control, self-efficacy and body image. She has authored more than 45 peer refereed journal articles, three books and 13 book chapters. Tracey has worked as an applied sport psychology consultant for more than 20 years. She has worked predominantly with junior national athletes in sports such as Tennis, Swimming, Badminton, Judo and Netball.

Dr Wendy Nicholls is a senior lecturer at the University of Wolverhampton. With a broad specialism in clinical and health psychology, Wendy's research focuses on the influences of our social lives on physical and mental health. Wendy collaborated with local NHS Mental Health trusts to investigate the experiences of stigmatisation in individuals with depression and completed a funded PhD on the association between relationships and depression. Wendy was awarded an Early Researcher grant from the University of Wolverhampton. This grant was used to further the research on the associations between our health and social lives, in particular exploring the effectiveness of online forums as a source of social support for those with severe health concerns.

Wendy has an interest in the development of psychometric measures and developed a symptom inventory specifically for use in the community mental health setting, a retrospective measurement of childhood attachment, a UK Food Craving Inventory (with Dr Lee Hulbert-Williams), and a Mindful Eating Scale (with Dr Lee Hulbert-Williams and Dr Nick Hulbert-Williams).

For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

**Paul Bevan Public Lecture**Tuesday 5<sup>th</sup> December 2017, 6-7:30pm

City Campus Room TBC

To register your interest please contact [FoArtsResearch@wlv.ac.uk](mailto:FoArtsResearch@wlv.ac.uk)

Paul Bevan is a lecturer, artist, photographer and writer. He has over 20 years' experience in education and his work has been exhibited around the world. He is currently writing a book, On Fashion Photography, and undertaking a PhD at UAL. Having studied BA and MA Fine Art, Paul has maintained a particular interest in photography and time based media (including performance), within fashion and fine art contexts and publications. He has exhibited and presented his work internationally, collaborated on exhibitions and other creative and industrial initiatives and projects, and contributed to thinking in his field.

Paul has worked in education for over 20 years, developing and leading courses at both undergraduate and postgraduate level in art, design, fashion and communication. He established the BA (Hons) Photography course at Southampton Solent University in 1997, and since coming to LCF in 2002 has lead a number of undergraduate courses as Programme Director for Fashion Image until 2009, when he took leadership of the MA Fashion Photography. He is the Course Director for MA Fashion Photography and the Academic Coordinator for Enterprise and Industry within the Graduate School.

Let's celebrate the festive season. Come and join us for a fun quiz night. Get a team together, compete alone or join us via periscope; we don't mind how you join us. Why not challenge your supervisors and see who has the best general knowledge. Snacks and drinks will be provided (and there might even be a Christmas cake too!!)

## FoSS History

### 1918 Revisited: Strategy, Politics, and the Road to the Armistice

Wednesday 6<sup>th</sup> December 2017, 5:30-7pm, MC001, Millennium City Building

Professor David Stevenson, Professor of International History, London School of Economics

Register your details in advance with Dr Phylomena Badsey [p.badsey@wlv.ac.uk](mailto:p.badsey@wlv.ac.uk).

Professor Stevenson is one of the world leading historians of the First World War. His main fields of interests lie in international relations in Europe during the nineteenth and twentieth centuries; origins, course, and impact of the First World War. His many publications include *With Our Backs to the Wall: Victory and Defeat in 1918*, (2011). His latest book is *1917: War, Peace and Revolution* (2017).

This is the twelfth lecture of the **University of Wolverhampton/Western Front Association First World War Centenary Lecture Series**. Generously supported by a grant from the WFA, the Series is held at the University of Wolverhampton, is open to the public, and will run until 2018. Admission is **free**; however you are encouraged to register your details in advance with Dr Phylomena Badsey [p.badsey@wlv.ac.uk](mailto:p.badsey@wlv.ac.uk). You will then be notified of forthcoming events in the series.

### Researchers Drop-In

Thursday 7<sup>th</sup> December 2017, 3-4pm, MD163, 1st Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

Drop-in to receive one to one advice. There is no need to book.

## FoA Philosophy

### Royal Institute of Philosophy Lecture - Pornography and speech

Thursday 7<sup>th</sup> December 2017, 4:30-6:30pm, Venue tbc

Dr Kathleen Stock, Reader in Philosophy, University of Sussex

To register your interest please contact [FoArtsResearch@wlv.ac.uk](mailto:FoArtsResearch@wlv.ac.uk)

In this lecture Dr Stock will seek to dismiss two views: a) that pornography never counts as speech; b) that it always does.

Kathleen Stock is a Reader in Philosophy at the University of Sussex. She mostly works on the philosophy of fiction and imagination. Her book 'Only Imagine: Fiction, Interpretation and Imagination' is out now with Oxford University Press, and she blogs about fiction and imagination at <https://www.thinkingaboutfiction.me/>. She has also recently written two articles on the nature of objectification, arguing that it can be understood as a way of seeing people (most obviously, women) as well as a way of thinking about them.

## FoA CCHIP

### Is that a thing? - Voyages in creative computing and digital opera via some other unexpected collisions.

Thursday 7<sup>th</sup> December, 6-7:30pm, Walsall Campus, Room TBC

Lee Scott, subject leader Creative Computing, Bath Spa University

More Details to Follow. To register your interest please contact [FoArtsResearch@wlv.ac.uk](mailto:FoArtsResearch@wlv.ac.uk)

This talk traces the development of a number of artworks that collide computing, music and interactive storytelling. Concepts such as digital opera and ASMR music are proposed, and positioned as examples of 'Creative Computing' – an emerging field that is concerned with knowledge combination and deploying computing as a tool to enhance human creativity. Lee Scott introduces the trajectory of Creative Computing while revealing the thinking behind the web operas, The Imaginary Voyage and The Village, as well a prototype opera for mobile media called Fragments. Along the way, Lee discusses his personal approaches to co-creation, 'liveness' and digital music, and suggests how each contributes to a reimagining of the opera form. The talk closes with an outline of several upcoming projects that apply the philosophy of Creative Computing in contexts that extend beyond digital performance. Here, emergent technologies such as machine learning and virtual reality are considered as vital areas of exploration for computer assisted ideation, and scenario simulation.

Lee Scott is subject leader of Creative Computing at Bath Spa University and an early career researcher that operates at the intersection of art and technology. His artwork is transdisciplinary in nature, combining storytelling, song writing, digital music and applied computer science. Recent works include the web operas, The Imaginary Voyage and The Village, and his current creative pursuits comprise several 'serious games' as well as an opera for mobile media called Fragments. Lee has written for Digital Creativity and The Conversation amongst other national publications, and regularly delivers talks on many forms of digital creativity - from the use of machine learning in interactive storytelling to the deployment of ASMR as a tool for affective performance. He is a former charting musician, a web app developer, an audio engineer and educator, and is approaching the completion of a PhD on the topic of 'digital opera'.

## Trips

### Manchester Christmas Market

Saturday 9<sup>th</sup> December 2017, 10am – 7pm

Ticket Price: £15.00 per person.

## FSE Science

### Molecular regulation of thrombosis and haemostasis

Tuesday 12<sup>th</sup> December 2017, 1-2pm

MC424, Millennium City Building

Professor Khalid Naseem, Leeds Institute of Cardiovascular & Metabolic Medicine  
The LIGHT Laboratories, University of Leeds

Professor Khalid Naseem is Professor in Cardiovascular Biology at Leeds Institute of Cardiovascular & Metabolic Medicine, specialising in platelet biology in cardiovascular health and disease.

He obtained his undergraduate degree in Applied Biology and Biotechnology from Thames Polytechnic in 1990 and his PhD from the Royal Free Hospital School of Medicine in 1996. Further post-doctoral studies were performed in Professor Richard Bruckdorfer's laboratory, where his work focused on the role of free radicals in platelet and endothelia cell biology. In 1999 Khalid joined the University of Bradford as a Lecturer in Biomedical Sciences and eventually progressed to become a Professor of Cardiovascular Biology. He was appointed Chair in Biomedical Sciences at HYMS in 2009.

## FEHW Sport

### Why do Physical Education and other school teachers teach that way?

Wednesday 13<sup>th</sup> December 2017, 6-7pm, Venue tbc

Dr Nick O'Leary, Senior Lecturer in Physical Education

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Research utilising the occupational socialization framework (Lawson, 1986) indicates that school teachers pedagogical practices are highly influenced by their childhood experiences of schooling and school subjects, their Higher Education (HE) course and their on-the-job experiences as a qualified teacher. This presentation will provide an overview of teacher socialization and those factors from childhood, HE and schools which impact on such teaching and learning practices. In doing so, it is possible to identify how pedagogical practice might be improved. This seminar will also identify future research possibilities for those working in PE and ALL other school subjects.

Dr Nick O'Leary trained as a secondary teacher with a specialism in Physical Education (and history as a second subject) at St. Luke's College, University of Exeter. He taught in secondary schools for a total of 18 years in London, Bath, Calne, Whitley Bay and finally Brighton, where he was Head of Department. Nick completed a Master of Education (M.Ed.) at the University of Newcastle and developed an interest in basketball which he has keenly pursued, rising to the level of England Senior Basketball Coach. He is also an England Basketball Course Tutor. He has been Course Leader and Senior Lecturer in Physical Education at the University of Wolverhampton for 13 years.

## FEHW Sport

### How to commercialise sports science support and what are the benefits

Friday 15<sup>th</sup> December 2017, 1:30-2:30pm, Venue tbc, Walsall Campus

Dr Ross Cloak, Senior Lecturer in Sport and Exercise Science and Laboratory Director

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

The presentation will examine how funding is secured to provide sports science support to a range of external partners and what the benefits can be for the individual and institute. The presentations will look at the practical issues of costing and setting up a project, to the technical issues of delivering interventions and feeding back to a range of external partners. Overall the aims are to give an idea of what some of the benefits can be to creating commercial links with external partners.

Dr Ross Cloak is a Senior Lecturer in Sport and Exercise Science and Laboratory Director with a particular interest in applied sports science. Having worked with various sports teams in a support capacity he has remained keen in the practical application of sport science to improve performance.

His primary research interest is exercise physiology, whole body vibration and postural control and performance. His applied work has been conducted with professional football teams including Wolverhampton Wanderers FC and Walsall FC (currently in a consultant capacity). For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

## Doctoral College

### Researchers Drop-In

### Beyond Camps And Forced Labour Conference 2018

Wednesday 10<sup>th</sup> January – Friday 12<sup>th</sup> January 2018, Venue tbc, London

To book your place email [pearsinstitute@bbk.ac.uk](mailto:pearsinstitute@bbk.ac.uk)

For more information visit <http://beyondcamps.org/>

### Beyond Camps and Forced Labour

**The 2018 'Beyond Camps & Forced Labour' conference follows the five successful conferences, which took place at the Imperial War Museum London in 2003, 2006, 2009, 2012 & 2015.**

The conference brings together scholars from a variety of disciplines who are engaged in research on all groups of survivors of Nazi persecution. These include - but are not limited to - Jews, Roma and Sinti, Slavonic peoples, Jehovah's Witnesses, homosexuals, Soviet prisoners of war, political dissidents, members of underground movements, the disabled, the so-called 'racially impure', and forced labourers.

For the conference's purpose, a 'survivor' is defined as anyone who suffered any form of persecution by the Nazis or their allies as a result of the Nazis' racial, political, ideological or ethnic policies from 1933 to 1945, and who survived the Second World War.

## Doctoral College

### T2: For those who teach – learning and teaching essentials: Practical support for student learning

Thursday 11<sup>th</sup> January 2018, 5-7:30pm, MD165, 1st Floor, Harrison Learning Centre

# Research Student Almanac

## 2017/18

### Semester 2 (more on the way...)

**FEHW**  
Education

**Widening Participation: Reflections on Research and Practice following the Twentieth Anniversary of the Dearing Report.**

Tuesday 23<sup>rd</sup> January 2018, 1-2pm, Walsall Campus.

[Dr David Thompson](#), Senior Lecturer, Education Policy Research Group and  
[Dr Jenny Worsley](#), Head of Department, Childhood & Family Studies

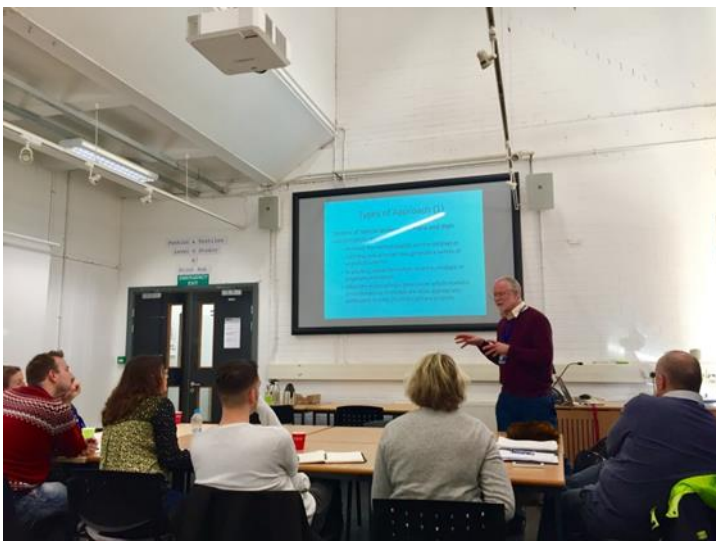

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

This seminar is a reflective review of widening participation (WP) in higher education. The Dearing Report Higher Education in the Learning Society (1997) was a document that ignited a wide range of WP activity and policy. We draw on our research in WP since Dearing, compare with other research projects and our experiences as educators and practitioners. Dearing's report represents one of the most significant reviews of higher education since the Robbins' Report of 1963. His vision for HE included a "compact" between local and regional communities and their universities, and emphasised WP and greater student diversity.

This seminar identifies several core themes emerging from WP activities over the last twenty years. It calls for more consideration of the complex and heterogeneous identities of WP students today. It considers how WP is situated in the current neoliberal climate affecting HE; highlighting changing student identities and needs. It presents a set of ideas for discussion with respect to the future of WP.

For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

**Faculty of Arts  
Doctoral Training  
Programme**

**What is research? – exploring the fundamentals of research and its logic**

This first session of the day will introduce you to thinking about what research is and what it is trying to do from a historical and philosophical point of view, and how from this research thinking has acquired a certain logic, which entails a number of consequences of how we conduct research.

**Asking and Interpreting Research Questions**

Research questions are at the core of research: whether explicit or not, they direct and define any research enquiry. It is therefore essential to understand the nature of research questions, and how research questions can be constructed and interpreted to construct and conduct your own research.

**Comparative methodology: different modes of approaching research**

Methodology is perhaps the most dreaded word for any new research student. Methodology is essentially the overall approach that you chose for your research. Different domains have developed many different theoretical and practical approaches and methods, which can either be used in their pure form, or in a combination to fit your own study. Especially for interdisciplinary work, this is of utmost importance. This session will therefore introduce you to the idea of methodology, and to a number of different approaches and methods most common to the Arts and Humanities. Each of the three sessions will consist of a lecture and a group exercise to allow you to discuss and internalise some of the issues raised.

9.30	Welcome and coffee; Introduction to the day
9.45	Student/Participant presentations
11.00	Comfort break
11.15	<ul style="list-style-type: none"> <li>- humanities approaches to research</li> <li>- social science approaches to research</li> <li>- approaches from design</li> <li>- approaches from art</li> <li>- practice-based (creative) approaches to research</li> </ul>
12.45	Lunch break
13.30	<ul style="list-style-type: none"> <li>- ethnography</li> <li>- textual analysis techniques</li> <li>- visual analysis techniques</li> <li>- critical studies approaches</li> <li>- PAR and approaches from performing arts and music</li> </ul>
15.15	Comfort break
15.30	Evaluation of research methods and outcomes
16.15	Discussion of different methodological approaches available [Reminder: Task for session 5: Find a relevant conference and prepare a conference proposal/abstract]
17.00	Close

## Doctoral College UoW Lecture

### Putting Science into Policy

Thursday 1<sup>st</sup> February 2018, 5pm, Chancellor's Hall, Wulfruna (MA) Building

Peter Churchill

Please book via the [lecture booking page](#)

Challenges facing society are becoming ever more complex. Societal challenges such as climate change, food security, energy security, and economic development address multi-disciplinary issues, which, if they are to be addressed properly and successfully require clear, unbiased evidence to drive the development of local, regional, national and multi-national policy. Science can, and should, be a key input into this evidential base. This talk will examine status, issues and potential of scientific support to policy, and will provide some examples from the European Union perspective.

**Peter Churchill** is an environmental scientist. He started work in 1979 as an academic at Cranfield University UK, researching forest applications of remote sensing. He then became a consultant for a UK based company undertaking natural resources surveys in Africa, South East Asia and Europe. In

1988, he joined the European Commission's Joint Research Centre as a scientist, becoming a Head of a series of earth observation, environmental science and administrative Units from 1996. In 2010, he joined the JRC's headquarters staff, where he is currently the Adviser on Scientific Development to the Director General.

## Doctoral College

### R16: An Introduction to Statistics

Friday 2<sup>nd</sup> February 2018, 10-4pm (with a lunch break), MD165, 1st Floor, Harrison Learning Centre

## FEHW Sport

### Reflections from conducting field research.

Friday 2<sup>nd</sup> February 2018, 1-2pm, Venue tbc, Walsall Campus

Craig Corrigan

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

This presentation will aim to discuss the challenges faced when conducting Action Research for Doctoral Research purposes. The early career researcher will present an analysis of field research conducted with a Midlands based sports employability charity. Working in partnership with the host charity and the difficulties adjusting to the roles of researcher, student, colleague and lecturer will all be discussed and scrutinised. The talk should be of interest to both inexperienced and experienced researchers, particularly researchers who have an interest in qualitative data collection.

Craig is a research student in the Institute of Sport studying 'The social impact of sport development: effective monitoring and evaluation of the outcomes of participation'.

## FoA Doctoral Training

### FoA Doctoral Training Programme: Workshop 5: Academic writing 2 (Thesis writing and publishing)

Wednesday 7<sup>th</sup> February 2018, 2 -4pm, City Campus, Room TBC

Professor Kristina Niedderer

To register your interest please contact [FoArtsResearch@wlv.ac.uk](mailto:FoArtsResearch@wlv.ac.uk)

This session will consider the structure of the thesis, referencing requirements, word counts, signposting, the essential ingredients of the abstract, and reiterate the qualities of good academic writing. It will also looking at different formats and presentation of the thesis in different disciplinary areas.

14.00	Introduction to the day
14.05	Presentation, discussion and group work about thesis writing: different styles and approaches Discussion of thesis abstract and contents list as guide
15.15	Comfort break
15.30	Writing your thesis; how to get started on writing up; checklist for completion; signposting
16.00	Presenting creative work as part of the thesis
17.00	Close

## FEHW Social Work/ Social Care

### Children and young people's participation in decisions which affect their lives

Thursday 8<sup>th</sup> February 2018, 1-2pm, Room Tbc, City Campus

Dr Azora Hurd

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Azora Hurd has twenty years management practice in children's services and a deep understanding of service provision, collaborative partnerships, safeguarding, policy and governance.

Azora is a Nursery Nurse and Social Worker by professional heritage and is registered with the Health and Care Professions Council. Her undergraduate's degree is in Law (LLB Hon's) and she has obtained a MSc. in Social Services Management from the University of Birmingham. Azora additionally holds the Advance Award in Social Work and a Master's in Public/Business

Administration from the University of Warwick Business School. Azora has obtained the National Post Qualifying Award for Integrated Centre Leadership and provides management coaching to children centre leaders, mentoring and assesses for the programme. Azora successfully completed her PhD in 2012. Her area of research focused on children and young people's participation in the decision making processes affecting their lives.

## Doctoral College

### Making an application for a doctorate

Monday 12<sup>th</sup> February 2018, 10-4pm

MD165, 1<sup>st</sup> Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

The morning session will consider what is a doctorate, why research a doctorate, the cost and funding, what is required in a research proposal and how to make an Expression of Interest. The afternoon element of this session is a writing retreat for those who wish to develop an Expression of Interest. Members of the Doctoral College, Faculty Research Admin and LIS will be available to support applicant in searching the relevant literature, identifying suitable topics and relevant supervisors and crafting their ideas into an EOI

Target Audience: PGT and 3<sup>rd</sup> year UG (who anticipate a 1<sup>st</sup> or 2:1)

## Doctoral College

### So you want to do a doctorate (Panel)

Tuesday 13<sup>th</sup> February 2018, 10-12pm

MD165, 1<sup>st</sup> Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

The aim of this session is to help people interested in researching a doctorate, understand what is involved and the different doctorates that are available. A panel of PhD and Professional Doctorate students will present a day in their lives, discussion why they decided to do a doctorate, what they hope to achieve as a result of their doctorate and why they chose the University of Wolverhampton. The panel will take questions from the audience.

Target Audience: PGT and UG interested in knowing more about doctoral education.

<b>FSE Science Seminars</b>	<b>Subject tba</b>
	Tuesday 13 <sup>th</sup> February 2018, 1-2pm
	City Campus, Venue tbc
	Speaker tbc

<b>Doctoral College</b>	<b>Employability Conference</b>
	Wednesday 14 <sup>th</sup> February 2018, 10-5pm
	MD165, 1 <sup>st</sup> Floor, Harrison learning Centre
	Dr Debra Cureton, Doctoral College

The morning of the employability conference will be open to all PGRS and will provide some development opportunities around interview technique, interview questions and presentation skills.

This event also provides the opportunity to make an application and experiencing a professional job interview. Should PGRS wish to take part in the interview afternoon part of the Employability Conference, they will be invited to book an interview spot and will be offered the choice of a job description for:

- a generic lecturer role,
- a generic post-doctoral research role
- a generic leadership role.

The interview will be delivered against the selected job description and the personal statement that the PGRS prepares. The interview will be about 45 minutes and will include 20/25 minute interview time; 10 minutes face to face feedback and some written feedback.

Interviews will be conducted by senior managers at the University of Wolverhampton and will be available at:

- 2.10 – 2.55
- 3.05 – 3.50
- 4.00 – 4.45

Interview slots need to be booked in advance through Dr Debra Cureton ([d.cureton@wlv.ac.uk](mailto:d.cureton@wlv.ac.uk)). PGRS wishing to take up the offer of an interview will also be asked to attend the Quarterly Symposia (15th January) and to complete an application form and personal statement.

Homework: Between Jan 15th and Feb 14th, we will ask you to generate a personal statement for your chosen job role, to submit this to the Doctoral College on the 6th February. You will also need to start the preparation for your 45 minute interview experience

<b>FSE BEERS</b>	<b>Built Environment &amp; Engineering Research Seminar [BEERS]</b>
	Wednesday 14 <sup>th</sup> January 2018, 12:30-2pm
	City Campus Venue TBC
	RSVP: Dr Ezekiel Chinyio ( <a href="mailto:E.Chinyio@wlv.ac.uk">E.Chinyio@wlv.ac.uk</a> ) & Dr David Searle ( <a href="mailto:D.Searle@wlv.ac.uk">D.Searle@wlv.ac.uk</a> )

<b>Doctoral College</b>	<b>Evening Master Class - Personal development in research – all you need to know to become a research leader of the future</b>
	Wednesday 14 <sup>th</sup> February 2018, 5-7pm, MD165, 1 <sup>st</sup> Floor, Harrison Learning Centre
	Professor Silke Machold, Dean of Research
	Book via the <a href="#">Research Seminars and Events webpage</a>

Professional Development Planning is an essential part of working towards making career progression in any field. In this masterclass Professor Silke Machold talks about how to make progression as researcher and what is required to become a research leader.

## FEHW Education

### Conference: The Learning Age – 20 years on: Whatever happened to its vision of lifelong learning?

Thursday 15<sup>th</sup> February 2018, 10am-4pm, Venue tbc, Walsall Campus

Speakers include Lord (David Blunkett) by video interview, VC, Professors John Field, Tom Schuller, Alan Tuckett; sponsored by Learning and Work Institute.

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

## Doctoral College

### So you want to be an academic (Panel)

Thursday 15<sup>th</sup> February 2018, 12-2pm

MD165, 1<sup>st</sup> Floor, Harrison learning Centre

Dr Debra Cureton, Doctoral College

This panel aims to provide a personal perspective of academic jobs from the perspective of a lecturer, post-doctoral researcher, a senior leader and an administrative manager. Each panel member will provide 'a day in the life of' presentation which will also provide information on how they got to be where they are now, why they chose this career and tips to PGR who are considering that career. The panel will also answer questions from the audience.

## FEHW Public Health

### Public Health Seminar

Thursday 15<sup>th</sup> February 2018, 5-7pm, Venue tbc, City Campus

Join us to hear about exciting new research and practice in Public Health.

### A Career Development Day hosted by the Brilliant Club

Friday 16<sup>th</sup> February 2018, 10-4pm

MD165, 1<sup>st</sup> Floor, Harrison learning Centre

Dr Debra Cureton, Doctoral College

10am-12pm – Brilliant Club Scholars' Programme: Recruitment Event

The Brilliant Club Scholars' Programme provides you with a paid opportunity to teach your research areas in local schools. This offers you the opportunity to receive training to teach, teaching experience, to disseminate your research to a general audience and to encourage the engagement of the future researchers in your area.

To hear more about this programme, join us for the recruitment event.

1-3pm – Enhancing your teaching skills

In his workshop The Brilliant Club offer an overview of the basic concepts of good teaching and the presentation of your work in a clear and understandable manner.

1pm-3pm – Getting the Job of your dreams: CVs and Interviews

When aiming for that dream job it is important to present yourself well and to highlight the transferable skills that you have developed during your research degrees. This workshop will focus on the identifying your achievements this far and how to present these on your cv and during interviews.

## Doctoral College

### R9: Poster Presentation and Visio for Poster Design

Monday 19<sup>th</sup> February 2018, 1:30-4pm, MD212a, 2nd Floor, Harrison Learning Centre

Professor Mike Fullen & Ken Oliver, FSE

Book via the [Research Skills Development Workshops webpage](#)

**Problem based learning using agile methods: A case study from children’s nursing.**

Tuesday 20th February 2018, 12:30-1:30pm, Venue tbc, Walsall Campus

Karl Royle, Head of Enterprise and Commercial Development  
and Nikki Dowling, Senior Lecturer in Children's Nursing

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

This presentation shows how agile work practices can be integrated into problem or project based learning leading to greater student engagement; authentic learning and mobile technology integration.

A module titled ‘Assessment and Delivery of Person Centred Care’ is the students’ first experience of PBL as part of the BNurs (Children’s Nursing) curriculum. Module feedback revealed a number of issues:

- Poor engagement with module resources and peer groups in the VLE
- Students experienced difficulty in adapting to more student-centred and self-directed approaches necessary for PBL.
- PBL challenges student views regarding the roles of teacher / learner.
- The teacher resorted to providing teaching sessions to ‘bridge the gap’.

An agile learning design, using Trello as a framework to facilitate more student centred, collaborative and personalised learning, was piloted with a small group of children’s nursing students undertaking module 5NH008.

The Agile Pedagogy concept developed by Royle and Nikolic (2017) uses “Scrum”, an agile work practice, and transfers it to education because it offers a method of working that allows both personal development and agency coupled to collaborative self organisation without undermining the role of the teacher or sacrificing teacher control. Scrum provides a method for structuring independent, project and team based learning so that students can be free to choose how they work and achieve but also where teachers can balance this with the needs of standards and learning objectives.

### Contemporary issues in Early Childhood: considering a bio-ecological approach

Tuesday 6<sup>th</sup> March 2018, 6-7pm, Venue tbc, Walsall Campus

Dr Zeta Brown, Lecturer in Childhood, Family and Community Studies

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Dr Zeta Brown is a Lecturer in Childhood, Family and Community Studies in the Faculty of Education, Health and Well-being at the University of Wolverhampton. Her role within the University includes being the cluster leader for the Child, Youth and Families research cluster. Zeta has been on the executive committee for the British Education Studies Association since 2010 and is also a committee member for the International Society for the Scientific Study of Subjectivity (Q-methodology committee).

Currently she has two main strands of research: one is investigating learning and teaching in Higher Education (HE). In 2014-2015, Zeta carried out two collaborative projects that focused on investigating student perspectives in HE. These projects included a collaborative study with a colleague from the University of East London. This study investigated student perspectives on the use of debates as an in-class teaching strategy. The second project is a three year collaborative study that started in 2014 with a colleague in the Childhood, Family and Community Studies team. The study considers student perspectives on developing professionalism during the Childhood Studies degree. Findings from these research projects have been presented at a number of national conferences including the British Education Studies Association conference and the British Early Childhood Education Research Association conference. ## FEHW Social Care

### Chinese social care and health in the UK.

Thursday 22<sup>nd</sup> March 2018, 1-2pm, Venue tbc, City Campus

Dr Martin Partridge, Senior Lecturer in Social Care

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Research (Partridge, 2013, 2014; Yeung, Partridge and Irvine, 2016; Irvine, Yeung, Partridge and Simcock, 2016; Irvine, Partridge and Yeung, 2017) has reveal that people from Chinese backgrounds in the UK can find it difficult to gain information and access to social care and health services. In particular, those groups who live in rural locations and work unsociable hours in catering industries can face further isolation. Findings reveal the importance of main stream services and culturally specific services sharing knowledge and resources in order to provide a more inclusive place for people from Chinese backgrounds.

These issues are currently being addressed by engaging with local Chinese communities in developing a charity that has a dedicated and accessible website for Chinese social care and health. This talk will reveal some of the issues of working across cultures and the future of the charity.

Martin's focus is on transcultural groups, health & social care and policy development. He is particularly interested in Chinese people outside of China, Chinese culture, social care, social work, cultural competence, dual-heritage and identity, disability, learning disability, diversity and social policy.

### Homelessness: The Hidden Female Crisis

Thursday 22<sup>nd</sup> March 2018, 5-7pm, Chancellor's Hall, Wulfruna Building

[Professor Kate Moss](#), Professor of Criminal Justice, Faculty of Social Sciences

Book via Eventbrite: <https://www.eventbrite.co.uk/e/university-of-wolverhampton-lecture-by-professor-kate-moss-tickets-38227101289>

Rough sleeping is on the rise, and yet for women, homelessness continues to be seen through a male lens. It is homeless men we usually see on the streets, rarely women. But just because we don't often see women down and out, this doesn't mean that homelessness simply doesn't exist for them – far from it, homelessness is an issue that affects women too. Professor Kate Moss of the University of Wolverhampton is an expert of the experiences of female rough sleepers and takes a closer look at homelessness as a hidden female crisis.

Professor Moss was educated at Manchester Metropolitan University (LLB Hons), the University of Cambridge (M.Phil.) and Manchester University where she gained a PhD in social policy in 1997. She has written five books/monographs and over 60 journal articles. She has carried out research for the European Commission, the UK Home Office, Government Office East Midlands, Centrex, and numerous police forces and Local Authorities throughout England. Over the last five years at the University of Wolverhampton, with her colleague Paramjit Singh, she has secured in excess of 2.6 million Euros of research funding to support research into women who sleep rough as a result of domestic violence and also children rough sleepers. Kate has presented her research findings to the European Parliament in Brussels on three occasions.

For more information about Professor Moss's book on this topic:

Moss, K. & Singh, P. (2015) Women Rough Sleepers in Europe: Homelessness and Victims of Domestic Abuse, Bristol: Policy Press. <http://www.policypress.co.uk/display.asp?k=9781447317098>

## FEHW Social Work/ Social Care

### The Future of Public Debt: Assessing the implications for public services.

Wednesday 11<sup>th</sup> April 2018, 1-2pm, Venue tbc, City Campus

Stuart Connor, Reader in Social Welfare, Institute of Community and Society

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Fiscal policy is concerned with government revenues and expenditure. The role of fiscal policy in the distribution of resources makes it vital to an understanding of the funding, nature and role of public services and social welfare. One of the legacies of the Great Recession of 2008 has been heightened debates over fiscal policy and levels of public debt. Debates over the level of public debt and the sustainability of fiscal policies have implications for what are deemed to be realistic social policies and affordable public services. Therefore, attention needs to be paid to the means by which forecasts of public debt are produced and reported.

To this end, this seminar examines the role of independent fiscal councils (aka parliamentary budget offices or fiscal watchdogs) and their role in forecasting and assessing the credibility of fiscal policies and projections of public debt. Particular attention is paid to the work that could be done to inform debates on the politics of public debt and the implications of fiscal policy forecasts for public services and social welfare.

Stuart Connor has a background in policy analysis and is currently a Reader in Social Welfare at the University of Wolverhampton. In books published to date, 'Social Policy for Social Welfare professionals', co-authored with Graeme Simpson, and 'What's Your Problem?', a recurrent theme is to not only understand the impact that policies have on people's lives, but to also explore how people can and should have an impact on policies and future practices. This is reflected in Stuart's current research on open futures and the potential of strategic foresight to inform policy and practice.

Open Futures is a project that works with individuals, groups, communities, and institutions to bring future orientated approaches to life on real projects in order to inform and support future debates, policies and practices.

Wednesday 18<sup>th</sup> April 2018, 2-3:30pm, MD111b, 1st Floor, Harrison Learning Centre

Learning and Information Services (LIS)

Book via the [Research Skills Development Workshops webpage](#)

## FEHW Public Health

### Public Health Seminar

Thursday 19<sup>th</sup> April 2018, 5-7pm, Venue tbc, City Campus

Join us to hear about exciting new research and practice in Public Health.

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

## Trips

### Bath

Saturday 21<sup>st</sup> April 2018, 7:30am – 5:30pm

Ticket Price: £15.00 per person.

For More Information Visit: <https://www.wlv.ac.uk/international/international-student-support/information-for-current-students/trips-and-events/bath/>

## FEHW Sport

### 'London Calling!!!! Just a bit longer!! - psychology of endurance performance

Thursday 22<sup>nd</sup> April 2018, 5-7pm, Venue tbc, Walsall Campus

Professor Andy Lane, Professor of Sport and Learning

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Andy Lane is a Professor of Sport Psychology at the University of Wolverhampton. He is a Fellow of the British Association of Sport and Exercise Sciences (BASES). He is Health Professional Council registered and a British Psychological Society Chartered Psychologist. He has authored more than 200 peer refereed journal articles, given numerous keynote talks, and is on editorial boards of prestigious journals in sport sciences (Journal of Sports Sciences), Sports Medicine (Journal of Sports Science and Medicine), psychology (Personality and Individual Differences) and education (Journal of Hospitality, Leisure, Sport & Tourism).

He has led high profile research projects such as "Can you compete under pressure?" a BBC Lab UK led project fronted by former Olympian Michael Johnson. His applied work has involved a number of clients, including ranging from recreational to world championship level. He is a member of the UKactive Research Institute's Scientific Advisory Board. For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

## Doctoral College

### Twilight Session – Getting the most from your supervisory team

Wednesday 25<sup>th</sup> April 2018, 5-6pm, MD165, 1st Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

Book via the [Research Skills Development Workshops webpage](#)

## FoA Doctoral Training

### FoA Doctoral Training Programme: Workshop 6: The VIVA and life after the PhD

Thursday, tbc April 2018, Room tbc

Professor Kristina Niedderer

To register your interest please contact [FoArtsResearch@wlv.ac.uk](mailto:FoArtsResearch@wlv.ac.uk)

Who Do You Think You Are? Academic Identity and Applying for Jobs - This session will consider how to go about applying for that elusive academic job, and what kinds of experience and profile you can bring to this task. More widely, the session will also invite you to consider your own sense of emerging academic identity and how academic identities can change and develop over a career. We will also consider some of the online networks that exists for PhDs and Early-Career Researchers (#ECR) and the increasing numbers of PhD students who don't pursue a career in academia.

14.00	Introduction to the day
14.10	The viva: the procedural and regulatory context from an internal examiner's perspective
15.00	VIVA – role play
15.45	Discussion of viva experience
16.15	Break
16.30	Who Do You Think You Are? Academic Identity and Applying for Jobs
17.15	An introduction to funding opportunities for PGRS & Postgraduate funding opportunities
18.00	Final discussion
18.30	Close

## Doctoral College

### Breakfast Bites - The Viva

Wednesday 2<sup>nd</sup> May 2018, 8-9am, MD165, 1st Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

Book via the [Research Skills Development Workshops webpage](#)

## Equality & Diversity Unit

### Asian Heritage Month Conference

Wednesday 2<sup>nd</sup> May 2018, 10-4pm, City Campus, Venue tbc

For updates visit <https://www.wlv.ac.uk/about-us/equality-and-diversity/events/>

A mixture of lectures, seminars, interactive workshops and updates from University Senior Management - open to students, staff, colleagues in other institutions, and the general public. More details will follow shortly but please save the date.

## Doctoral College

### Researchers Drop-In

Wednesday 2<sup>nd</sup> May 2018, 10-11am, MD163, 1<sup>st</sup> Floor, Harrison learning Centre

Dr Debra Cureton, Doctoral College

Drop-in to receive one to one advice. There is no need to book.

## LIS Skills for Researchers

### Getting Published and Sharing Research

Wednesday 2<sup>nd</sup> May 2018, 11am-12:30pm

Walsall Campus, Room tbc

Dr Helen Williams & Liz Howell <https://www.wlv.ac.uk/lib/research/>

## Doctoral College

### R19: Sit Down and Write

Thursday 3<sup>rd</sup> May 2018, 1-5pm, MD212a, 2<sup>nd</sup> Floor, Harrison Learning Centre

## Doctoral College

### R1: Research Student Induction

Tuesday 8<sup>th</sup> May 2018, 12:30-4pm, MD165, 1<sup>st</sup> Floor, Harrison learning Centre

Dr Debra Cureton, Doctoral College

Book via the [Research Skills Development Workshops webpage](#)

This Doctoral College Symposium will focus on understanding the viva voce examination. The sessions throughout the day will explore all of the what, ifs and maybes of the viva experience. We will explore what you need to think about from the start of the doctoral process and take you through to what a typical viva is like. There will also be an opportunity to take part in a viva hot seat session - where you can experience the types of questions that might be asked in a viva voce examination.

**Session 1: Surviving the viva** - Presenting about research and how this has translated into the thesis submitted for examination. The discussions will focus on challenges faced along the way, how these were overcome and tips about successfully negotiating write up

**Session 2: What is a viva?** - This session considers the viva voce examination and how this is underpinned by the University of Wolverhampton Research Regulations (2014). This session will consider the purpose of the viva and good viva practice

**Session 3: The thesis submission** - All you need to know about submitting your thesis, from page set up to, through to binding and submission paperwork.

Lunch with Viewing of the Good Viva Video

**Session 4: It's never too early** - It is never too early to start working towards your viva. Here discuss what you can be doing now in preparation for the big day.

**Session 5: The viva hot seat** - These two sessions will develop vital preparation skills for Viva Voces, offer hints and tips, and include an open discussion on what does and doesn't work. You will have the opportunity to engage in mock vivas, and so build confidence and gain knowledge in preparation for the real thing

Dr Lahart is a Senior Lecturer in Exercise Physiology a committee member of HEAT and the course leader for BSc Sport and Exercise Science at the University of Wolverhampton.

He is currently working on a Cochrane Collaboration Systematic Review on exercise and breast cancer. Through his role as a research fellow at Russells Hall hospital, Dudley, he works with cardiovascular disease, cancer and rheumatoid arthritis patients. He was involved in the setting up of and helps manage a MacMillan funded exercise-based cancer rehabilitation service in Action Heart, a cardiac rehabilitation centre in Russells Hall Hospital.

Ian provides exercise testing and sports science support to athletes, including runners, triathletes and cyclists, and has previously provided physiological testing for Wolverhampton Wanderers FC and Walsall Town FC.

<b>FEHW Health</b>	<b>Insights into the development and use of a theoretical framework in qualitative research</b>
	Wednesday 16 <sup>th</sup> May 2018, 12:30-1:30pm, Venue tbc, City Campus
	Dr Wendy Walker, Reader in Acute and Critical Care Nursing
	Please book a place through <a href="mailto:FEHWevents@wlv.ac.uk">FEHWevents@wlv.ac.uk</a>

Wendy joined the University of Wolverhampton in 2011 as a Senior Research Fellow, and has held the appointment of Reader since 2016.

As a Registered Nurse, she specialised in the field of adult intensive care. The knowledge and experience gained contributed to an interest in end-of-life care in the context of acute and critical illness. Wendy actively supports the strategic development of collaborative research within the Faculty of Education, Health and Wellbeing (FEHW) Centre for Health and Social Care Improvement (CHSCI). Her area of research expertise primarily focuses on qualitative research methodologies and methods.

For up to date information please visit [www.wlv.ac.uk/fehw/lectures](http://www.wlv.ac.uk/fehw/lectures)

<b>FSE BEERS</b>	<b>Built Environment &amp; Engineering Research Seminar [BEERS]</b>
	Wednesday 16 <sup>th</sup> May 2018, 12:30-2pm
	City Campus Venue TBC
	RSVP: Dr Ezekiel Chinyio ( <a href="mailto:E.Chinyio@wlv.ac.uk">E.Chinyio@wlv.ac.uk</a> ) & Dr David Searle ( <a href="mailto:D.Searle@wlv.ac.uk">D.Searle@wlv.ac.uk</a> )

<b>Doctoral College</b>	<b>A Evening Masterclass 'How to Influence others with your research'</b>
	Wednesday 16 <sup>th</sup> May 2018, 5-7pm, MD165, 1 <sup>st</sup> Floor, Harrison Learning Centre
	Professor Alan Tuckett
	Book via the <a href="#">Research Seminars and Events webpage</a>

According to Burgess (2013) in an article in the Guardian 'even politicians find it hard to ignore hard facts, and compelling research can help construct policy and predict outcomes'. In this session, Professor Tuckett will explore the role of research in policy, its influence on policy and its role in evaluating the effectiveness of policy. It also aims to help you understand how you could influence policy with the research you conduct.

## FEHW Sport

### 'Fights are won and lost in the head' - The Psychology of combat sport

Wednesday 16<sup>th</sup> May 2018, 5-7pm, Venue tbc, Walsall Campus

Professor Andy Lane, Professor of Sport and Learning

Please book a place through [FEHWevents@wlv.ac.uk](mailto:FEHWevents@wlv.ac.uk)

Andy Lane is a Professor of Sport Psychology at the University of Wolverhampton. He is a Fellow of the British Association of Sport and Exercise Sciences (BASES). He is Health Professional Council registered and a British Psychological Society Chartered Psychologist. He began lecturing at Brunel University before moving to the University of Wolverhampton in 2000. He has authored more than 200 peer refereed journal articles, given numerous keynote talks, and is on editorial boards of prestigious journals in sport sciences (Journal of Sports Sciences), Sports Medicine (Journal of Sports Science and Medicine), psychology (Personality and Individual Differences) and education (Journal of Hospitality, Leisure, Sport & Tourism).

He has edited five books including the book [Case Studies in Sport Science and Medicine](#), a co-authored work with [Prof Greg Whyte](#). His recent book on [sport psychology and nutrition in running](#), is co-authored with colleagues at the University including Tracey Devonport, Chris Sellars, and Wendy Nicholls and students, Chris Fullerton and Marcia Blake. Prof Lane has provided self-help material for runners at the London Marathon including 5 tips on how to use strategies such as if-then planning on [Five audio files](#). Given the worldwide popularity of soccer and pressures associated with winning, Prof Lane is regularly asked for comment on TV, radio, website and newspapers. For example, he worked with Adidas on videos with Glenn Hoddle and Mathew Le Tissier on penalty taking ([see video 1](#) and [video 2](#) for example). He has led high profile research projects such as "Can you compete under pressure?" a BBC Lab Uk led project fronted by former Olympian Michael Johnson. His applied work has involved a number of clients, including ranging from recreational to world championship level. He is a member of the UKactive Research Institute's Scientific Advisory Board.

### The art of good dissemination (10am – 12pm)

- Choices and different voices – writing/disseminating for different audiences
- Principles of a good research presentation
- Principles of writing well for dissemination purposes.

### Writing and the REF (1pm – 3pm)

- Making impact – what is impact, how to design research with impact and how to make impact with your dissemination activities
- Understanding the metrics: Impact factors, personal citation rates and open access and how to enhance your profile.

### Meet the Editors and Reviewers (3pm – 5pm)

- Get tips from Editors and Reviewers of quality journal about the common mistakes that people make when submitting articles and how to get published.
- Also learn about becoming an editor or reviewer and the skills and experience that is required.

This Masterclass is for those who are considering whether to embark on a doctorate. We will look at what a doctorate is, what it entails and the different types of doctorate that are available. In the masterclass Dr Halligan will also discuss the application process and provide some hints and tips about how to make a good application.

10am - 12pm: Identifying funding

1pm – 3pm: Writing successful grants

3pm – 5pm: Successful Grant and Project Managements

## Doctoral College

### Researchers Week (Day 5) - Postgraduate Researchers' Day

Friday 15<sup>th</sup> June 2018, 10-5pm

MD165, 1<sup>st</sup> Floor, Harrison Learning Centre

Dr Debra Cureton, Doctoral College

#### You and your Thesis (10am - 12pm)

- How to structure a thesis
- Tips on writing a thesis
- Working with feedback
- WRaP – What we offer to support postgraduate researchers in the final stages of their doctorates

#### You and your supervisors (1pm – 3pm)

- Managing your supervisors
- Common issues and solutions
- A panel discussion with PGR and PGR supervisors share their experiences of working together

#### You and your viva voce (3 – 5pm)

- Viva tips
- Viva questions
- Viva hot chair

## Doctoral College

### Get Together – Summer Quiz Night

Thursday 12<sup>th</sup> July 2018, 5-7pm, MD165, 1st Floor, Harrison Learning Centre

The Doctoral College

Book via the [Research Seminars and Events webpage](#)

Let's celebrate the end of term with another quiz night. Get a team together, compete alone or join us via periscope; we don't mind how you join us. Why not challenge your supervisors and see who has the best general knowledge. Snacks and drinks will be provided.

## FSE Science Seminars

### Cardiovascular Proteomics

Tuesday 17<sup>th</sup> July 2018, 1-2pm

MC424, Millennium City Building

Professor Manuel Mayr, MD PhD, Professor of Cardiovascular Proteomics  
The James Black Centre, King's College, University of London

Professor Manuel Mayr qualified in Medicine from the University of Innsbruck (Austria) in 1999, where he graduated "sub auspiciis praesidentis", the highest distinction awarded for academic education. He soon decided that his interests lay in research and therefore took up full-time research training in 2001, when he moved to St George's Hospital Medical School to undertake a PhD with Professor Qingbo Xu. His PhD was awarded by the University of London in 2005, on the topic of "Cardiovascular Proteomics: Linking Proteomic and Metabolomic Changes". He obtained a BHF Intermediate Research Fellowship in 2005 and in 2006 moved to King's College London as Lecturer in the Cardiovascular Division. In 2008, he was successful in obtaining a BHF Senior Research Fellowship and this was recently renewed for a second term. In parallel, he achieved promotion to Senior Lecturer in 2008, to Reader in 2010, and to Professor in 2011.

His academic achievements have been recognised by the inaugural Michael Davies Early Career Award of the British Cardiovascular Society (2007), the inaugural Bernard and Joan Marshall Research Excellence Prize of the British Society for Cardiovascular Research (2010), and the Outstanding Achievement Award by the European Society of Cardiology Council for Basic Cardiovascular Science (2013).

Book via the [Research Skills Development Workshops webpage](#)

# About the Researcher Development Framework (RDF)

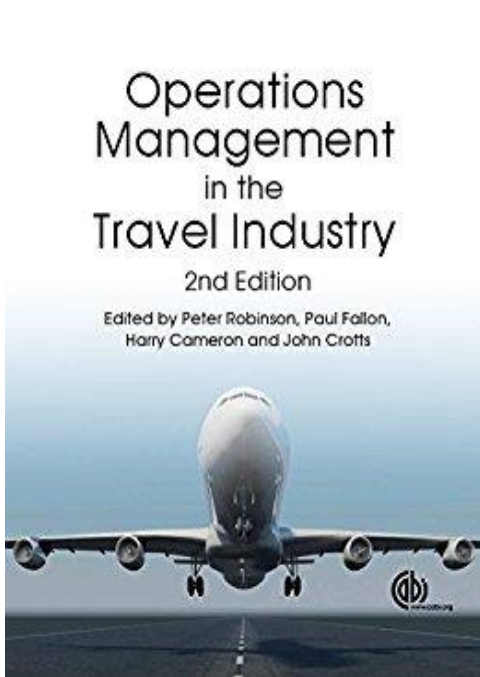

The Researcher Development Statement (RDS) sets out the knowledge, behaviours and attributes of effective and highly skilled researchers appropriate for a wide range of careers. The RDS is for policy makers and research organisations which provide personal, professional and career development for researchers in higher education. The Researcher Development Statement is derived from the Researcher Development Framework (RDF), a major new approach to researcher development, which aims to enhance our capacity to build the UK workforce, develop world-class researchers and build our research base.

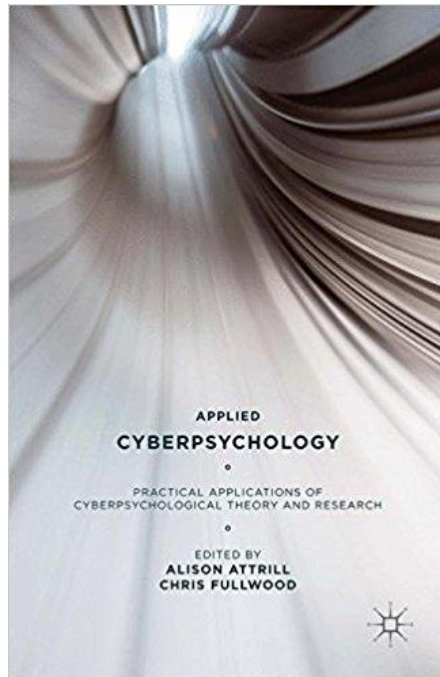

The University of Wolverhampton subscribes to the Vitae Research Development Framework. The RDF is structured in four domains encompassing the knowledge, intellectual abilities, techniques and professional standards to do research, as well as the personal qualities, knowledge and skills to work with others and ensure the wider impact of research. Within each of the domains are three sub-domains and associated descriptors, which describe different aspects of being a researcher.

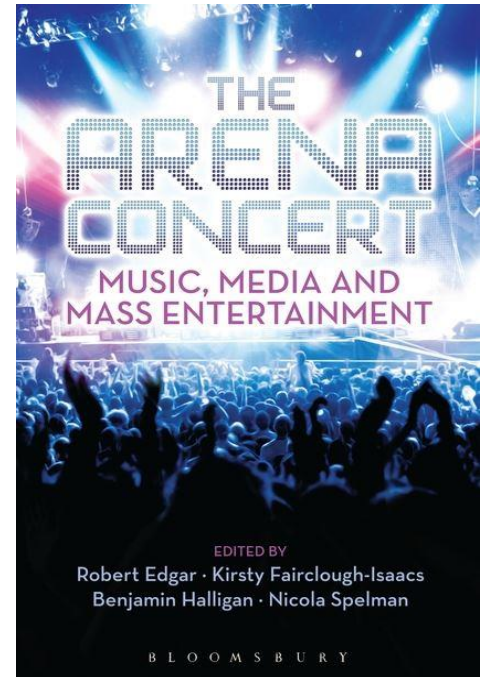

For more information on the Researcher Development Framework and associated Statement go to [www.vitae.ac.uk/rdf](http://www.vitae.ac.uk/rdf)
